THE PREMATURE DECAY OF YOUTH.

JUST PUBLISHED BY DR. STONE,

PHYSICIAN to the Troy Lung and Hygienic Institute, a treatise on the early Decay of American Youth; the vice of Self-Abuse and its direful consequences; Seminal Weakness and other diseases of the Sexual Organs in both male and female.

The above work has received the highest commendation from several leading papers of the Union as one of the most able ever published on this subject of such vital interest. It is for gratuitous distribution, and it will be mail in a sealed envelop to any part of the country free of charge, on receipt of two stamps for postage.

A Word of Solemn Conscientious Advice to those who will Reflect.

It is a solemn fact that 100,000 die annually in the United States with consumption, marasmus, or premature decay. There cannot be an effect without an adequate cause. In view of the awful destruction of human life and health, by marasmus or premature exhaustion and decay of the nervous system nervous debility, caused by sexual diseases, such as the vice of Self-Abuse, Seminal Weakness, Spermatorrhea, Gonorrhea, Gleet, Impotence, Leucorrhea, Virulent *private* diseases, both in male and female, and Sterility, and organic diseases of the kidneys, and in view of the deceptions which are practiced upon the unfortunate victims of such diseases by quacks and base pretenders, the Directors of the Troy Lung and Hygienic Institute have instructed their attending physician to give medical advice, gratis, to all patients thus afflicted, male or female, who may apply by letter or personally, with a description of their case, as to a true and reliable means of cure. And the Institution proposes to treat the unfortunate, and in cases of extreme poverty and suffering, for a sum that will only compensate the cost of medicines.

☞ The most reliable conscientious advice will at all times be given by the physician of the Institution, both to Male and Female, respecting the diseases of the sexual organs. Medicines and treatment will be sent by mail or express to applicants, to all parts of the country, and the Institution will guarantee the success of treatment.

☞ The attending physician will be found at the Institution for consultation, from 9 A. M. to 9 P. M. of each day. Sundays, in the forenoon.

Drs. B. & R. are the men to consult, they are unquestionably acknowledged to be the champion and king of venereal diseases, and the only Doctors who receive Monthly Reports from the old world; they have been accustomed from an early age of youth to witness the various diseases which afflict mankind, and to watch the progress, through a long career of professional study, in every sphere of life, from the humble abode of poverty to the mansions of the wealthy, and having ascertained beyond a doubt the vast suffering of humanity, they determined to select the generative system as their particular study, and to devote their whole attention to the alleviation of the diseases of these important functions. AFFLICTED, READ!

WONDER OF THE WORLD!

15 YEARS' SUCCESS IN CURING PRIVATE DISEASES.

DR. HALL

Continues to cure (when all others fail) every form of Secret Diseases in an incredible short time. By a long course of study and practical experience of unlimited extent Dr. H. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, been known to fail in curing the most alarming cases of Gonorrhea and Syphilis. By his system it is proved that the dreadful venereal complaint is as entirely under the control of medicine as is a common cold or simple fever; and, while hundreds of persons are daily sending away their patients in hopelessness, and giving them up only from their own incompetency, complete and permanent cures are constantly being effected at Dr. H.'s Dispensary.

YOUNG MEN TAKE PARTICULAR NOTICE. Dr. H. devotes much of his time to the treatment of those cases caused by a secret and solitary habit, which ruins both body and mind, unfitting the unfortunate individual for either business or society. The sad and melancholy effect of these early habits, or the excess of riper years, are to weaken and debilitate the constitution, destroy the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the vital energies of manhood; the pleasures of life are marred, the object of marriage frustrated, and existence itself rend red a term of unceasing misery and regret. Such persons, especially those contemplating marriage, should lose no time in making immediate application, as Dr. H., by his new treatment, is enabled to insure a speedy and permanent cure.

DR. HALL'S AMERICAN PERIODICAL PILLS.—No article of medicine intended for the exclusive use of females has ever yet been introduced that has given such universal satisfaction as the American Periodical Pills. They can be relied on in all cases of Obstructions, Irregularities, &c., as a sure and safe remedy. Price $1. CAUTION—They must not be used during pregnancy, or miscarriage will certainly be the result.

Patients living at a distance can be cured at home by sending a description of their disease.

Medicine sent to any address.

IT AFFORDS THE GREATEST RELIEF TO THOSE AFFLICTED WITH OR SUBJECT TO THE PILES, Acting gently on the bowels, neutralizing all irritating secretions, and thereby removing all inflammatory tendencies.

IN FACT, IT IS INVALUABLE IN ALL CASES WHERE A GENTLE APERIENT OR PURGATIVE IS REQUIRED.

It is in the form of a Powder, carefully put up in bottles, to keep in any climate, and merely requires water poured upon it to produce a delightful effervescent beverage.

It also enables the invalid to enjoy many luxuries with impunity, from which he must otherwise be debarred, and without which life is irksome and distressing.

ON the infirmities of youth and maturity, disclosing the secret follies of both sexes of all ages, causing debility, nervousness, depression of spirits, palpitation of the heart, suicidal imaginations, involuntary blushes, defective memory, indigestion, and lassitude, &c., comprising 250 pages, and illustrated with upwards of one hundred and [illegible] engravings. It is a truthful adviser to the married and those contemplating marriage, who entertain secret doubts of their physical condition, and who are conscious of having hazarded the health, happiness, and privileges to which every human being is entitled. With Confessions of a Boarding School Miss, a College Student, and a Young Married Lady, full of romance and thrilling interest.

Young men who are troubled with weakness, generally caused by a bad habit in youth, the effects of which are dizziness, pains, forgetfulness, sometimes a ringing in the ears, weak eyes, weakness of the back and lower extremities, confusion of ideas, loss of memory, with melancholy, may be cured by the author's NEW PARIS AND LONDON TREATMENT.

We have, for the greater part of the past year, devoted our time in VISITING THE EUROPEAN HOSPITALS, availing ourselves of the knowledge and researches of the most skilled Physicians and Surgeons in Europe, and on the Continent, such men as CIVIALE, LENOIRE, RICORD, BRUCHETEAU, ACTON, and CURLINGS of the French and English hospitals. Our tour extended through France, Italy, Germany, Holland, England, Ireland, Scotland, and Wales, visiting in our route the principal Hospitals in Paris, London, Rome, Venice, Vienna, Dresden, Berlin, &c., &c. We have been amply repaid by the additional knowledge we have acquired in the treatment of various diseases to which we have directed our attention. Those who place themselves under our care will now have the full benefit of the many NEW AND EFFICIENT REMEDIES which we are enabled to introduce into our practice, and the public may rest assured of the same zeal, assiduity, SECRECY, and attention being paid to their cases, which has so successfully distinguished us heretofore as a Physician in our PECULIAR department of professional practice.

PIANO FORTES.

A. H. GALE & CO.

TAKE pleasure in inviting the attention of Artists, Amateurs, and the public generally to their NEW SCALE PIANO FORTE, just introduced. The growing desire for a Square Piano Forte that shall approach the Grand in volume of sound, and, at the same time, avoid the ungainly appearance of that three-cornered instrument, directed our energies to the production of such a desideratum. Our toil is rewarded and we submit the result without fear of competition.

☞ Our Pianos are all guaranteed to give entire satisfaction, whether ordered from us direct or sold by any of our agents throughout the country; and we solicit a continuance of that patronage which we have enjoyed for the last twenty-five years. A. H. GALE & CO.,

JUST ARRIVED.

The THOROUGH-BRED STALLION NUNCIO, and will make a season at the farm of Capt. Pennington, one mile north of Hobb's Depot, Jefferson county, Ky. He is a dark chestnut sorrel, 16 hands high, admirably formed, with as much grace and style as any horse in Kentucky. In consequence of the lateness of his arrival, he will be permitted to serve mares at $24 for the season. The lovers of fine stock, and those who desire to breed to a thorough-bred stallion, are invited to call and see him.

PEDIGREE OF NUNCIO.

Nuncio was got by Herald; his dam, Maria West (also dam of the celebrated race horse and stallion Wagner) by Marion, one of the best sons of Sir Archy. Herald was by Plenipotentiary, half brother to Priam, and one of the best sons of Emilius, out of Delphine (imported by the late Col. Hampton) by Whisker, out of My Lady, by Comus, out of the Colonel's dam, by Delphini. Topple Cider, by King Fergus. This pedigree can be traced back for generations in the English Stud Book, and is a remarkably fashionable and rich pedigree. It is useless to go any further. Plenipotentiary won the Derby, and was the best horse of his day, having beaten Glencoe twice with the greatest ease. m19 d12*

OHIO WHITE SULPHUR SPRINGS.

Announcement of the Proprietor for 1860.

THE OHIO WHITE SULPHUR SPRINGS ARE situated in Delaware county, 18 miles north of Columbus (the capital of Ohio), on the Scioto river, 16 miles from Delaware, 5 miles from White Sulphur Station, on the Springfield, Mt. Vernon, and Pittsburg Railroad, and 6 miles from Lewis Center Station, on the Cleveland, Columbus, and Cincinnati Railroad.

These Springs will be open for the reception of visitors from May until October.

The gratifying experience of the past two seasons has fully confirmed the highest expectations of the proprietor, and encourages him to persevere in his efforts to make this second to no place in the country.

The large number of permanent cures which have been effected establish beyond doubt the rare and valuable medicinal qualities of these waters. Their alterative, tonic, and aperient properties render them useful in a great variety of diseases. The five Springs—The White Sulphur, The Chalybeate, The Magnesian, The Saline Chalybeate, and the Spring of Pure Water—are all within the lawn and easy of access.

BATHS.

Bathing here by the plan adopted is brought into fair competition with that at naturally Warm and Hot Springs. The water, heated in the bath-tubs by steam pipes, the heat not being raised high enough to precipitate its salts, is applied to the surface of the bather without the loss of any of its saline ingredients.

The buildings are substantial and convenient. The grounds, embracing about 150 acres, divided between lawn and woodland, are tastefully laid off into walks and drives.

A TELEGRAPH OFFICE has been permanently established, connecting the Springs with all parts of the country.

A Livery, well stocked with horses and carriages, is attached to the premises.

For further information, arrangements for rooms, &c., apply to ANDREW WILSON, Jr., Proprietor,
White Sulphur P. O.,

An ordinance of this Board to repave the sidewalks on Main street, between Wenzel and Buchanan, or so much thereof as does not agree with the grade furnished by the City Engineer, which was amended by the Common Council, which amendment was rejected by this Board, was returned by the Common Council adhering to the amendment, when, on motion, this Board concurred in the amendment.

J. W. TOMPKINS, Clerk.

☞ We copy the following from the New York Express, simply that we may correct two errors into which the writer has fallen, innocently, without doubt:

The Nazarites.—As will be seen by reference to our late report of the Methodist Conference, the case of this somewhat singular sect has been brought up before the high tribunal of the denomination. A petition was presented, signed by eight hundred persons, nearley the entire strength of the schism, appealing from the administration of the discipline by the Genesee Conference. The difficulty dates back some seven or eight years, when Rev. B. Roberts and one or two others promulgated certain doctrines in the Conference, in reference to the degree of personal holiness obligatary on a Christian. Two years since, the breach in the meantime having widened considerably, Mr. Roberts was arraigned by the Conference in view of certain articles he had published with reference to the Conference, or its members, which were deemed libelous in their nature. He was reproved by the Bishop, but was not deterred thereby from a repetition of the alleged offense, and consequently about a year ago, he, with half a dozen other preachers in the Methodist communion, were expelled. A small sect, numbering eight or ten hundred members, and with a clergy composed of the expelled preachers, was the consequence. The "Nazarites" have now several flourishing stations.

This sect is increasing much faster in the Western States than in the East. At St. Louis, a year or so ago, under the preaching of the Rev. Mr. Redfield a church of some 200 members was organized, consisting principally of seceding members from the Ebenezer and Hedding churches (M. E. Church, North). Large churches are also organized at Alton, Springfield and Chicago, Ill., and at Louisville, Ky. Since the decree of the Genesee Conference prohibiting them, they have adopted the Congregational method of church government, and are progressing faster perhaps than any other denomination in the West. The Rev. Dr. Parsons, for many years the ablest and most accomplished preacher among the Methodists, favors this movement, and at present, we believe, presides over the society at Louisville. We shall look with interest to the action of this General Conference upon this subject.

The first error is, there is no such church as the one referred to in the city of Louisville; and the second—Mr. Parsons is the pastor of Brook-Street Station, M. E. Church South, and does not belong to any "schism" or "secession."

ST. NICHOLAS HOTEL,

BROADWAY, NEW YORK.

WHEN completed, six years ago, the St. Nicholas was universally pronounced the most magnificent, convenient, and thoroughly organized establishment of the kind on this continent. What it was then it remains to-day—without a rival in size, in sumptuousness, and in the general elements of comfort and enjoyment. The Hotel has accommodations for 1,000 guests, including 100 complete suites of apartments for families. Six hundred persons can be comfortably seated at the tables of its three public dining-rooms, and nothing that modern art has devised for the convenience and social gratification of the traveling public has been omitted in its plan or is neglected in its practical details. The early reputation of the house at home and abroad, derived from its magnitude, its superb appointments, and its home-like comforts and luxuries, has been enhanced every year by the unwearied exertions of the proprietors.

FOR PRESIDENT,

JOHN BELL,

OF TENNESSEE.

FOR VICE-PRESIDENT,

EDWARD EVERETT,

OF MASSACHUSETTS.

MONDAY, MAY 21, 1860.

☞ We find, on collating the plank of the Chicago platform that we published in our paper of Saturday with the corresponding one of the Philadelphia platform, that we were mistaken in saying that the former is an extension of the latter; the two are substantially and almost literally identical. The Republican party at all events has not abated a line or a shade of its sectionalism. If it is no worse than it was in 1856, it is no better.

☞ We know not, at this early day, how the friends of peace and the foes of agitation at the North may look upon the Republican party as just marshalled afresh on the field of sectional strife; but we do know they ought to look upon it with undiminished horror and alarm. If they are loyal to the Union and the Constitution and true to their avowed convictions, they will, they must regard it thus; and without the most undisputable proof to the contrary we cannot doubt their fidelity in any one of these sacred relations. We do not doubt it. Nevertheless it is certain that between now and November the most unscrupulous and undrooping efforts will be made to lure or to drive the moderate men of the North under the Republican standard. Such efforts will certainly be made; yet the wiles of the Devil himself are not more delusive than these Republican appeals will be. There is no solid foundation for them: not a hair's-breadth. The most specious of them will be utterly flimsy. Nay, the most specious of them will involve a burning affront to the spirit and discernment of the men to whom they are addressed.

In what solitary particular is the Republican Presidential ticket of 1860 less sectional or more national than the Republican Presidential ticket of 1856? Not one. Is Lincoln personally or politically more friendly to the South than Fremont? He is less friendly in both respects. Is Hamlin less obnoxious to the South than Dayton? He is decidedly more obnoxious in every way. Is the platform on which Lincoln and Hamlin stand juster or milder with respect to slavery than the one on which Fremont and Dayton stood? It is the selfsame. And here we beg to compare the two platforms touching this ruling point. The Republican platform of 1856 affirmed the following in relation to slavery:

> That, with our Republican fathers, we hold it to be a self-evident truth that all men are endowed with the inalienable right of liberty and the pursuit of happiness, and that the primary objects and ulterior design of our federal government were to secure these rights to all persons under its exclusive jurisdiction; that, as our Republican fathers, when they had abolished slavery in all our national territory, ordained that no person shall be deprived of life, liberty, or property without due process of law, it becomes our duty to maintain this provision of their Constitution against all attempts to violate it for the purpose of establishing slavery in the territories of the United States, by positive legislation prohibiting its existence or extension therein.
>
> That we deny the authority of Congress, of a territorial Legislature, of any individual, or association of individuals, to give legal existence to slavery in any territory of the United States, while the present Constitution shall be maintained.

The Republican platform of 1860 affirms the following on the same point:

> That the normal condition of all the Territory of the United States is that of freedom; that as our Republican fathers, when they had abolished slavery in all our national territory, ordained that "no person should be deprived of life, liberty, or property without due process of law," it becomes our duty, by legislation, whenever such legislation is necessary, to maintain this provision of the Constitution against all attempts to violate it; and we deny the authority of Congress or a Territorial Legislature or any individuals to give legal existence to slavery in any Territory in the United States.

The latter affirmation is expressed a little more concisely than the former, but the affirmations themselves are exactly the same. Both alike declare not only that slavery has no legal existence in the Territories, and cannot possibly acquire it, but that it is the duty of the Republican party, by prohibitory legislation, whenever such legislation is necessary, to prevent slavery from acquiring any existence whatever in the Territories. In other words, both equally proclaim the settled determination of the Republican party, if it achieves the possession of the Government, to abolish slavery in those Territories where it exists at present and to prohibit it in all others, thereby striding ahead on the pathway of the national expansion and with a ruthless hand blasting every possible slave State in the germ, extinguishing in the very bud the political offspring of the South, cutting down the shoots of Southern political power the instant they put forth, and searing their roots with the flaming brand of the Wilmot-Proviso. This is the policy of remorseless sectional aggression the Philadelphia platform announced in 1856, and it is the policy the Chicago platform re-announces in 1860 without a line or shadow of abatement. The Republican party, therefore, has not changed in any mode or degree, at least not for the better, and the Presidential ticket it now offers to the North challenges the hostility of every genuine friend of the Union and of the Constitution in that section as clearly at least as its predecessor did four years ago, if not more clearly. Will the friends of the Union and the Constitution in the North refuse to take up the gauntlet which this insolent sectional adversary has thrown anew at the feet of the friends of the Union and the Constitution everywhere? We do not believe it. We cannot.

The moderate men of the North declare with one voice that what they most desire politically is the cessation or mitigation of the slavery agitation; and they have more than once proclaimed solemnly that they could not and would not lend their votes or their influence to any party or any measure calculated unnecessarily to imbitter and prolong this most baneful agitation. In this they are not merely wise and patriotic, but doubtless sincere. How, then, in the great struggle now opening can they lend their votes and their influence or either to the Republican party, the breath of whose existence is still the agitation of slavery, and which yet blazons on its standard principles that cannot be embodied and measures that cannot be enforced without necessarily augmenting and exasperating this horrid agitation to a pitch utterly destructive of the peace and harmony of the Union, and full of awful peril to its existence? How can the conscientious enemies of slavery agitation support or countenance the ministers and instigators of that demoniacal cause? How can the men who opposed the Republican party with such unflinching firmness and generous zeal in 1856, and who to-day yearn or profess to yearn as deeply and earnestly as ever for that national repose which the triumph of the Republican party threatens to destroy forever, rally notwithstanding under the Republican flag, and fight against everything they hold most precious, and for everything they most dread and abhor? Are the sober men of the North hypocrites or harlequins that they should be asked or expected to do this thing? Was their hostility to Republicanism four years ago a mere strain or spasm of nationality, or if it now exists is it no deeper than beauty is said to be, inhering in this or that Republican name, and not relating at all to the Republican principle, that they who gallantly fought the hosts of Fremont and Dayton should be counted on to swell the legions of Lincoln and Hamlin? What is there to justify or suggest the expectation that the conservatives of the North or any considerable portion of them can be frightened or wheedled or drawn by any cause into such a tremendous stultification of themselves and so flagrant a betrayal of their political instincts and convictions as all this would come to? We hope and believe there is nothing.

☞ While the notorious Garrison was speaking at an anti-slavery meeting near Boston a few nights ago, one of his enthusiastic she-disciples leaped up and exclaimed, that, "if he would get 100 of old John Brown's pikes, she would help him cram them down Mr. Douglas's throat." If she is a tolerably sizable woman, she could easily do the job herself instead of merely helping somebody else to do it.

☞ It appears that his Imperial Majesty of Japan has sent to Mr. Buchanan two very magnificent swords. Mr. Buchanan ought to return the compliment by sending to his Majesty that terrible old musket, with which, at the distance of nearly a hundred miles, he frightened the British away from Baltimore in the last war.

☞ We see that a great many newspapers, which never gave countenance to either private or official dishonesty, express no little sympathy for Mr. Fowler, the defaulting postmaster of New York city. All seem to think that he is a man of warm and generous feelings, and, that he was induced to use the public money to a large amount not for his own individual benefit, but to relieve personal friends and to promote the great objects of his party. Still there must be something radically wrong and grossly wrong in his nature.

It is no marvel to us that so many Democratic office-holders are tempted to make use of the public money. It seems the natural result of the demands habitually and systematically made upon them. Everybody knows, that, under each and every one of the Democratic administrations for a number of years past, all the office-holders of the general government throughout the whole Union have been required to contribute a certain proportion of their salaries for electioneering purposes in every political canvass. Of course it is to all intents and purposes the public money that they are thus forced to pay into the electioneering fund, and surely it cannot be wonderd at, if, finding that they must, as a means of keeping their places, devote the public money to such purposes, they bring themselves to the conclusion that they might as well use for the purpose any other portion of the public money as that which nominally constitutes their own salaries. Most assuredly an office-holder, upon whom black mail is levied by the men in power, is strongly tempted to meet the levy from the public money to which he is not personally entitled rather than from that to which he is.

In the case of Mr. Fowler there must have been a scandalous neglect of duty on the part of the Administration. His appropriations of the public money were going on, it is stated, from one of the first years of the Pierce Administration. The exercise of a proper scrutiny would at any time have revealed them, but no such scrutiny was ever instituted. The peculations were left to expose themselves. The government shamefully neglected its duty. The fact is, the appointment of Mr. Fowler to the office of Postmaster was an abuse of the appointing power. He was esteemed a highly respectable citizen, but none who knew him ever deemed him possessed of the requisite qualifications for managing the affairs of any important post-office, especially the most important post-office in the nation. Everybody knew him to be distinguished for the very qualities that caused his defalcation. He was not made Postmaster because any human being thought him fit for the office, but because it was believed that he would contribute freely and even prodigally to carry elections. He was appointed in short because he was believed to be exactly the sort of man he has proved himself to be. He may deserve to be punished, but not more than those who made him Postmaster.

DR. CRAIK'S DISCOURSE ON THE AMERICAN UNION.—Our readers know well the high estimate we place on this discourse, for we have told them repeatedly. It is in all respects a most profound and masterly performance, and in many capital respects the most remarkable as well as the most admirable political disquisition of the day. On the whole, it is unsurpassed, if not unequalled. We, however, do not now propose to renew the expression of our own opinion of this great and salutary discourse so much as to present that of one of the most judicious and enlightened of our contemporaries. The Boston Courier says of the discourse:

> A few days since we received by mail a copy of a pamphlet entitled "The Union, National and State Sovereignty Alike Essential to American Liberty;" being a discourse delivered in the Hall of the House of Representatives, at the Capitol in Frankfort, Kentucky, December 19, 1859, by the Rev. James Craik, D. D. The experience and observation of the last few years have given us a pretty strong distaste for clerical politics and clerical politicians, and we took it up with the expectation of finding in it the same combination of strong assertion and weak reasoning, commonplace morality and impossible application of it, which are the usual characteristics exhibited by divines when they condescend to leave the pulpit and instruct laymen in the management of secular affairs. But we had hardly read a page, when, much to our surprise, we perceived ourselves to be in communication with a writer of a very different class; as we read on, our surprise gradually passed into admiration, and we laid the pamphlet down, when we had come to the close, with the conviction that Dr. Craik was a man of uncommon political capacity, with a mind combining original reflection and practical sagacity, and that his discourse was one of the ablest and most independent productions which of late years had appeared in the country upon political subjects. This is strong praise; but as the Courier does not enjoy a reputation for a disposition to overpraise, we claim, by way of compensation, the right to be credited when we do commend.

After a somewhat exhaustive analysis of the performance, the Courier adds:

> Dr. Craik, in the closing pages of his discourse, illustrates his position by reference to some points in the history of the country. As might be expected from so sound and constitutional a thinker, he has no sympathy with either Northern abolitionism or Southern nullification, and shows how entirely each perverts and misunderstands the Constitution, and how enormous is the delusion which would hope to remedy or remove any existing grievances by dissolution of the Union.
>
> The above is an imperfect abstract of one of the soundest and most thoughtful political pamphlets we have read for some time; and imperfect as it is, we think our readers will find cause in it to justify our commendations.

This is indeed strong praise, yet every one who knows the Courier's habitual and scrupulous severity of judgment must confide in its sincerity, and surely no one who examines the performance itself will dispute its justness. The praise is not only honest and discriminating but richly deserved. The Courier, by the way, in confessing the feeling of distaste with which it first took up this production, owing to the mere title of its author, states, we do not doubt, the experience of hundreds, and discloses perhaps the motive that has prevented thousands from taking it up at all or that has induced them to lay it down immediately. We commend to everybody in whom this motive is likely to operate the Courier's frank and hearty cancellation of it. The person who from this or any other motive omits to read the discourse of Dr. Craik undoubtedly loses one of the most ennobling and delightful treats ever spread for the thinker and the patriot. We confess we have read nothing of equal compass on the subject so eminently gratifying and satisfying.

The discourse is for sale by Morton & Griswold, singly or in numbers. We trust it will be called for instantly in the largest numbers. Its early dissemination throughout the Union would prove a national blessing.

☞ The Memphis Bulletin thinks that the Charleston Convention was the most unfortunate body that ever met. In everything it failed except in one—it developed the utter and hopeless demoralization of the Democratic party. For the first time in their lives each component part looked the other straight and full in the face, and, like the famine-smitten enemies in Byron's dream, they died of their mutual hideousness.

☞ An exchange says "it is with shame as with a garment—the more it is worn the less it is cared for." Yes, and the less there is of it to care for.

☞ The Lebanon Democrat says that the Charleston Convention was none of our funeral. No, it was the Democracy's funeral, thank Heaven. We guess that our party's funeral is some centuries off yet.

☞ The Lebanon Democrat says that Edward Everett "reads the Greek of Homer better than the Greek of human nature." But human nature isn't to Mr. Everett what it is to Mr. Buchanan—"all Greek."

☞ To baptize one's self in aqua-fortis and then swallow the contents of the baptismal font seems to be regarded by some as one of the Southern *rites*.

☞ Mr. Lamar, a distinguished Democratic member of Congress, proclaimed from the steps of the City Hall in Charleston, that thenceforth and forever there were "*two Democratic parties*." Isn't that quite "too much of a good thing?"

ASLEEP.

BY LIZZIE C. SMITH.

Little, pale face with the dream-shadows over it
Hushed in the moonlight, and peaceful, and calm,
Soft stars drop dew-veils upon it, and cover it;
Zephyr-lips kiss it with kisses of balm.
Hushed in a slumber so white and so breathless
"Will she not waken to know of my love?
Know of my worship so holy so deathless,
Pure as the star-blossoms dropt from above?"

Wan is the moonlight, and fainter and whiter
Quiver the dream-shadows over her cheek;
All her tree hair, with the dew trembles lighter,
"Will she awake to my love if I speak?"
Now her sweet dream, like a breath over roses,
Melts on her lips in a tender joy-smile;
From its brief sorrows, her warm heart reposes,
Lost in a vision of love all the while.
"Awake little maiden to love that is deeper—
Love that for you is so perfectly wise;
Rest your bright head on my heart little sleeper—
Bury my love in the depths of your eyes."

RECEPTION OF HON. JOHN BELL.

Immense Outpouring of the People—First Grand Tennessee Demonstration for the Union Ticket.

The announcement in the city papers of yesterday morning that the Hon. John Bell would arrive here on the 2 P. M. train from Louisville, awakened the enthusiasm of the community, and long before the arrival of the train an immense crowd had gathered around the Louisville & Nashville railroad depot. It was not positively known until late yesterday morning that the distinguished Tennessean intended to leave Louisville that morning for this city, and of course there was but little time for preparation for any formal reception. It was a spontaneous demonstration on the part of Mr. Bell's friends and the friends of the American Union. Though there may have been many strangers who visited the station to satisfy their curiosity by getting a glimpse of the distinguished man whom the representatives of the conservative people at Baltimore had elected as their leader—hundreds there were who, prompted by a natural feeling of pride as Tennesseans, flocked to the spot to extend a personal welcome to a noble son of their own native State, as well as to evince, by their presence on such an occasion, their well fixed determination to stand by the Union.

The scene at the railway station on the arrival of the train was one of the wildest enthusiasm, the people leaping into the cars before the train stopped, waving their hats and shouting cheers of welcome as some one on the platform of the train moved forward into the station house and announced that Mr. Bell was on the train, and a shout went up from the crowd that made the welkin ring. As soon as Mr. Bell made his appearance on the platform of the hindmost car, nine hearty cheers were given for "Bell and the Union." Many old friends gathered round the venerable statesman and grasped his hand, with tears in their eyes—too full for utterance. Mr. Bell was conducted by Hon. Neil S. Brown and Hon. Edwin H. Ewing to a carriage, to which was harnessed four splendid gray horses. A procession of citizens nearly half a mile in length and double file, was immediately formed and followed the carriage up into the city and around the Public Square to the City Hotel. We noticed along the line the venerable forms of many of our oldest citizens, who do not often take part in political demonstrations, and it was a pleasing sight to see their countenances beaming with hope and lit up with enthusiasm.

At the hotel Gov. Brown, in an eloquent speech from the front steps at the hotel entrance, welcomed Mr. Bell to his Tennessee home. He welcomed him as the chosen chief of the great National Union party—the man chosen by the representatives of the national conservative people as fittest to restore the country to its original peace and harmony. It was a *National, Union* reception, he said, and not a party movement. It reminded him of the times of '35, and of the days of the old Hero of the Hermitage. It was the first time since the days of Washington that a candidate for the Presidency had been brought out by a spontaneous movement of the people, who value their country above the behests of party.

Gov. Brown concluded amid vociferous cheers for Bell and Everett, and the band in attendance struck up a national air.

Mr. Bell, still standing upright in the carriage, then responded in a brief but able and appropriate speech, notwithstanding he had travelled all day, and was in need of rest from the fatigues of his journey.

After Col. Bell concluded, the Hon. Edwin H. Ewing was called out, and addressed the people in a few appropriate remarks, which were received with enthusiastic applause. After he had finished speaking the band struck up Hail Columbia, and then the crowd dispersed.

Nashville Banner, Saturday.

SHELBYVILLE, May 14, 1860.

SAM'L GILL, Esq., Sup't L. and F. R. R.

Dear Sir: As the Shelby Railroad Company are about to make application to the city of Louisville for aid in the construction of their road, in the way of a loan of her bonds, I will take it as a favor if you will give me your opinion as to the amount of business the Shelby Railroad will do when completed, basing your calculations upon the business done upon a corresponding distance upon your road, and upon the fact as ascertained by examination of way-bills. That in the last twelve months 11,985 passengers traveled from Shelbyville to Louisville and returned in stages. I will thank you also for an estimate of the probable amount of net earnings which we will realize under the arrangement made with your company to operate our road.

Very respectfully, your ob't serv't,
J. S. TODD,
Pres. Shelby Railroad.

LOUISVILLE, May 16, 1860.

J. S. TODD, Esq., PRES'T SHELBY R. R.

DEAR SIR: In reply to your request as to my opinion of the amount of business and net earnings which the Shelby Railroad would probably realize, I beg to present you the following estimates:

PASSENGER TRAFFIC.

Bet. Shel'ville and Lou'ville	22,500 persons	at 75	$16,860 00
1st station west of Shel'ville	1,000 do	at 55	550 00
2d do Sharp's Division	4,600 do	at 40	1,840 00
3d do Boston..........	2,500 do	at 25	625 00
4th do Floyd's..........	2,000 do	at 15	300 00
	32,600		$20,175 00
For Mail service..............................			$1,000 00

FREIGHT TRAFFIC.

Shel'ville to Louisville, gross tons	at $1 50	$13,708 00
1st station west of Shel'ville 800	do at 1 30	1,040 00
2d do Sharp's Division 1,500	do at 1 00	1,500 00
3d do Boston.......... 800	do at 70	560 00
4th do Floyd's.......... 600	do at 40	240 00
Total earnings..............................		$38,015 00

EXPENSES.

L. & F. and L. & F. R. R. 50 per cent. of earnings in consideration of providing rolling stock, and operating the road..................	$19,007 50	
Repairs of track, road bed, and permanent fixtures,..............	5,200 00	$24,207 50
Net earnings,..................		$13,807 50

The above estimates are for the traffic in both directions between Louisville and Shelbyville, and between the way-stations and Louisville. No estimate is made of that between the way-stations and Shelbyville, though it will probably amount to between $500 and $1,000 per year.

The number of persons between Shelbyville and Louisville appears large, but when you reflect that Shelbyville contains over 3,000 inhabitants with schools numbering over 600 pupils, and that it has sustained for years three and sometimes four daily line of coaches each way, carrying passengers to and from Louisville and Shelbyville, you will not be surprised.

I have added to the number who traveled in coaches during the last year 7,500 as the number passing in private conveyances and on horseback.

For the year ending June 30, 1859, 35,685 persons traveled in both directions between Louisville and the several stations between Hobbs and Eminence, a larger number by 3,000 than I have estimated to pass between Louisville and the stations between Hobb's and Shelbyville.

Your road will run through a more wealthy and populous district, with a much larger section of country tributary to it than that along the Louisville & Frankfort road. In estimating the number to pass between way points of your road and Louisville I have taken as my guide the number who passed between stations on the Louisville road and Louisville at corresponding distances from the city.

The tonnage from Shelbyville has been estimated at two and a half times that from Eminence. The towns of Eminence and Newcastle (which is supplied from these) do not contain more than one-sixth of the number of persons which Shelbyville does, whilst the territory tributary to Shelbyville as a railroad station would be several times greater than that supplying the tonnage of Eminence. Eminence draws its tonnage from only a short distance beyond Newcastle and a circuit of a few miles around it, as other stations of the road draw to them all that is nearest to them. Shelbyville, on the contrary, will have a country to the extent of fifteen or twenty miles to the south and east of it, with seven turnpikes leading in every direction, from which to draw its supplies.

The tonnage of the way-points upon your road is estimated as equal to that of points as favorably situated upon the Louisville and Frankfort Railroad. Out of your gross earnings 50 per cent. is to be paid the Louisville, Lexington, and Frankfort Railroad for providing rolling stock and paying all expenses of operation, save that of repairs of road-bed, track, and all permanent fixtures.

The expenses which you will incur in the repairs of track road-bed are estimated (when compared with corresponding items upon the Lexington and Frankfort railroad) to be proportioned to the mileage of the trains running upon each road. By taking the average amount of those items on the Lexington and Frankfort road for the 9 years ending June 30, 1859, and making yours such a proportion of them as the mileage over your road bears to that over the Lexington and Frankfort road, I have arrived at the above sum of $5,200.

With a road as well built and ballasted as you propose to make yours, I think the estimate as ample for the first 9 to 12 years.

I am very respectfully your obedient servant,
SAMUEL GILL, Sup't.

GILBERT MOUNTAIN
HAIR RESTORATIVE!
WHICH has only been known in Central America, where it has been used with entire success for half a century. The remarkable virtues of this preparation for reinvigorating and restoring the hair to bald heads, restoring it to its original color, removing the dandruff and cutaneous diseases of the scalp, imparting a healthy tone to the scalp, for the toilet table there is nothing its equal, it having been thoroughly tested in this country by the proprietor for the past two years, has now to be introduced to the public, until he is induced to bring it before the public, until he has thoroughly satisfied of its virtues.
Abundant certificates of the first character can be shown testifying to its unequalled virtues. It is made of roots, and therefore is perfectly harmless in its composition, containing no oil. When in use all other preparations for the hair should be laid aside, especially any that contains substances of an oily nature.

and will be conducted upon a scale of liberality in all its departments which cannot fail to make it the popular head-quarters for pleasure tourists from the South and West during the early Summer and Autumn. Accommodations are offered for nearly 1,000 guests, fitted and furnished with every modern improvement which experience could suggest for comfort and convenience, while a vertical railway is to be introduced to convey parties by steam in a commodious car to the upper floors, thus securing the purer air and quiet of the higher rooms *without the fatigue of ascending stairs.*
Another novel improvement has been effected, by which a powerful fan-wheel, (operated by steam), forces a current of fresh air through the public rooms and corridors, cooling and ventilating the house in a superior manner.
The interior arrangements and furnishing have been completed under the personal supervision of Paran Stevens, the Lessee, under whose management the well-known success of the Revere House and Tremont House in Boston, the Battle House and Point Clear Hotel in Mobile, Ala., and the Fifth Avenue Hotel in New York has been established, and no effort or expense will be spared to render the Continental the most attractive travelers' Home in the Union.

Wig Manufactory,
No. 85, Fourth St., between Main and Market,
THE OLDEST STAND IN LOUISVILLE, KY.
MESSRS. HOGAN & DUTIEL INVITE THE ATTENTION of their customers to the much improved "VENTILATING DIAMOND WIGS." These Wigs were invented by Richard Beck, of London, and made by one of the gentlemen of the firm, who took the highest premium for the best Wigs on exhibition at the Industrial Exhibition, London, 1851. They are warranted not to shrink; (those who have worn Wigs know that the greatest comfort in a Wig is one that will not shrink or fall) beside they are of such close resemblance to nature as to defy detection. And to enable gentlemen to see the effect, a large assortment is kept on hand for inspection, any of which, if approved of, saves the purchaser both time and trouble, as these elegant specimens of Wigs cannot be found elsewhere. Also a splendid assortment of Ladies' Wigs, Half Wigs, Braids and Curls, always on hand and made to order at the shortest notice.

VALLONIA, ARKANSAS.
22 Town Lots Gratuitously.
THE town of Vallonia, Randolph county, Arkansas, recently laid out, is beautifully situated, on a timbered plain, immediately on the east bank of Current River at the head of low water steamboat navigation, about fifty miles by the river above Pocahontas. It is surrounded for many miles by a valley, which in point of fertility is equalled by few, surpassed by none. Well timbered, and free from vexations inundations. Desirous to accelerate a development of the many Commercial and Mechanical advantages, which manifestly pertain to the locality, owing to the extensive fertile and agricultural proximity and accessibility—the proprietors propose donating to any steady, reliable individual, with a family, who will locate and improve thereon, by building a brick or frame tenement, in value not less than $300—any town lot of 60 by 120 feet, (not previously appropriated) from the north half of block, Nos. 1, 2, 7, and 8. Said lots (sixteen in number) being designated on the plat of said town, by Nos. 5, 6, 7, and 8, in the respective blocks. Also, a lot eligibly situated for School purposes, so soon as the community shall erect a School House.
Also, fractional block No. 16, embracing fully 5 lots, to any individual or individuals, who will erect and complete in good running order, a Steam Saw and Grist Mill, of value of not less than $3,000, for which a more lucrative location cannot be found in the State. The building and occupancy to be perfected by the 1st of June, 1861, at which time (or sooner, if sooner perfected,) titles will be made by deeds of general warranty.
To secure choice of lots, improvements must commence in good faith, within two months after selection.
For any special information, address the proprietors, "Croson's Store," Randolph Co., Arkansas.

$800 REWARD.
Ran away from my farm opposite Shawneetown, Ills., on Sunday evening, 6th inst., two negro men, described as below:
ISAAC, of black color, about 25 years old, about 5 feet 8 or 9 inches high, and weighs about 180 pounds; is very thick set and stoutly made, and is quick spoken when addressed; he had on when he left a black wool hat and a dark coat.
JACK, a dark mulatto, about 20 years old, about 5 feet 6 or 7 inches high and weighs about 165 pounds; is stoutly made and has thick lips and small hands; he wore a dark summer coat and a palm leaf hat.
I have reason to believe that these negroes were enticed off, and are in company with a white man or men and are seeking to make their way to a free State. I will give a reward for the delivery of said negroes to me at Henderson, Ky., of $800 each if taken in Kentucky, or $[illegible] each if taken north of the Ohio river, and I will give $500 for the apprehension and conviction of the man or men engaged in assisting said negroes off.

THE GREAT
SOUTHERN REMEDIES,
DR. JOHN BULL'S
Compound Pectoral of Wild Cherry.
For the complete Cure of
COUGHS, COLDS, ASTHMA, BRONCHITIS,
INFLUENZA, PAINS IN THE SIDE
AND BREAST, SPITTING OF
BLOOD, AND CONSUMPTION,
Is rapidly advancing in the estimation of the public. It is no empirical nostrum, *its component principles* are made known to the *entire medical faculty.* It is prepared accurately from the receipe of an experienced and talented physician, and has proved itself to be the greatest remedy for all diseases of the Lungs ever discovered; and wherever it has been introduced it has made cures which are perfectly astonishing. It is bound to supersede every other Cough Medicine before the public. Testimonials are daily being sent in to the proprietor, of cures effected even after physicians had abandoned every hope. A *single trial* will convince the most incredulous of its efficacy in curing that class of diseases for which it is designed. Why is it that so many die every year of Consumption, or some other disease of the Lungs? Because they neglect its sure forerunner—a "*simple cold,*"—which might be easily cured by the prompt use of a single bottle of Dr. John Bull's "Compound Pectoral of Wild Cherry." We say, therefore, Try it, by all means. If this does not cure you, nothing can.

DR. JOHN BULL'S
Fluid Extract of
SARSAPARILLA.
THIS INVALUABLE REMEDY HAS ALREADY carried happiness to the hearts of thousands, and is daily giving more consolation to the afflicted than could be afforded by all the wealth in the mines of California and the world combined. It is put up in full quart bottles, and contains the strength of six times as much pure Honduras Sarsaparilla as any similar preparation made in America.
Price $1 per Bottle, or Six Bottles for $5.
It has been a well-established fact for years past that Sarsaparilla, when pure and properly prepared, is the only true Panacea for all diseases originating from an impure state of the Blood, the use of Mercury, Intoxicating Drinks, Evil Habits in Youth, Barrenness, etc.
We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only Preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, every pound, before being used, is subjected to the strictest chemical tests, and its genuineness ascertained before being used.
BULL'S SARSAPARILLA also contains the virtues of several other Medicinal Roots, together forming the best Compound and producing the greatest Curative Agent known to the world.

DR. JOHN BULL'S
Vegetable
WORM DESTROYER!
Is a remedy alike pleasant and effectual for the evil. There is not the least difficulty in getting children to take the medicine. It is prepared in the form of Candy Drops, and will be eaten with avidity by children of all ages. It destroys and expels worms more effectually than any remedy now in use, while at the same time it will in no way affect injuriously the health of the child.

DR. JOHN BULL'S
King of Pain Killers
Is a new AMERICAN REMEDY, and is an effectual and speedy cure for CHOLERA, CHOLERA MORBUS, RHEUMATISM, GOUT, BOWEL COMPLAINTS, DYSPEPSIA, SUMMER COMPLAINTS, CRAMPS, COLIC, SORES, CUTS, BURNS, SCALDS, BRUISES, CANCERS, TUMORS, HEADACHE and TOOTHACHE, and all other aches that flesh is heir to.

THIS manufactory was established in 1780, and, having been in successful operation from that time to the present, ranks deservedly high in the estimation of the best pianists for the character of the work it turns out. MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
EVER WORN BY
Kings or Emperors!
WHAT?
A BEAUTIFUL HEAD OF HAIR.
THE article that will naturally restore the color of the hair (the changing of which to gray being an indication of a lack of proper secretions) is truly a valuable medicine. Prof. Wood's Hair Tonic is the only safe remedy for baldness, dryness, premature change of color, and the several evidences of a lack of secretions at the roots of the hair which can be found. Quack preparations abound and "hair tonics" fill every "corner grocery" in the country. Avoid all "hair tonics" unless known to be the preparation of some man whose celebrity has become world-wide. Do not let any nostrum vender experiment upon your hair. Touch nothing you have not good reason to believe is all that it purports to be. Professor Wood has earned, by years of severe test of the virtues of his preparation, his present fame. Over 150 certificates are before us of the value of this Hair Restorative from parties who have tried it. Read the following:
NEW YORK, April 19, 1858.
DR. WOOD—DEAR SIR: Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was fast becoming gray; but, upon the application of your "Hair Restorative," it soon received its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.
I am, dear sir, yours truly, S. THALBERG.
REV. C. W. RUTTER, INDIANAPOLIS, IND., says he wore a wig for several years, but by the use of Wood's Hair Restorative he now has a fine head of hair.

CHEROKEE REMEDY
AN UNFAILING CURE FOR GONORRHŒA AND ALL DISEASES OF THE URINARY ORGANS.
THIS REMEDY cures when all other preparations fail. It is entirely unlike every other compound, containing no Mineral Poison or nauseous Drug, as it is prepared solely from Roots, Barks, and Leaves, and has been handed down from one generation to another by the Cherokee Indians. It is offered to the public on its own intrinsic merits. It performs its duty quickly and thoroughly. The unfortunate of either sex will be repaid by using this Remedy instead of placing themselves at the mercy of some Quack or Professor. This Remedy strikes at the very root of the disease; its tendency is not simply to suspend the poison but to remove the cause on which it depends. Full directions, in pamphlet form, accompany each bottle. The speedy and permanent relief afforded by this Remedy in all cases of Gonorrhœa, Gleet, Gravel, Stricture, Fluor Albus, Whites in Females, and all Diseases of the Urinary Organs has astonished the most scientific men of the age. This Remedy not only eradicates all poisons from the system but invigorates the most delicate constitution.
☞ It does not affect the breath or interfere with any class of business or require any deviation from the usual diet.
☞ It requires no assistance from other medicine.
☞ And what enhances its value is the entire absence of all nauseous taste, being a pleasant and delicious Sirup.

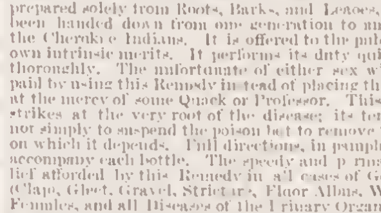
DR. J. H. McLEAN'S
Strengthening Cordial
AND BLOOD PURIFIER.
THE GREATEST REMEDY IN THE WORLD, and the most
DELICIOUS AND
DELIGHTFUL
CORDIAL
EVER TAKEN.



Before Taking. After Taking

It is strictly a scientific and Vegetable Compound, procured by the distillation of roots, herbs, and bark, Yellow Dock, Blood Root, Black Root, Sarsaparilla, Wild Cherry Bark, and Dandelion enters into its composition. The entire active remedial principle of each ingredient is thoroughly extracted by my new method of distilling, producing a delicious, exhilarating spirit, and the most infallible remedy for renovating the diseased system, and restoring the sick, suffering, and debilitated invalid to health and strength.
McLean's Strengthening Cordial
Will effectually cure Liver Complaint, Dyspepsia, Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach, Dyspepsia, Heartburn, Inward Piles, Acidity or Sickness of the Stomach, Fullness of Blood to the head, Dull Pain or Swimming in the Head, Palpitation of the Heart, Fullness or Weight in the Stomach, Sour Eructations, Choking or Suffocating Feeling when lying down, Dryness or Yellowness of the Skin and Eyes, Night Sweats, Inward Fevers, Pain in the Small of the Back, Chest or Side, Sudden Flushes of Heat, Depression of Spirits, Frightful Dreams, Languor, Despondency or any Nervous disease, Sores or Blotches on the skin, and Fever and Ague (or Chills and Fever).
Over a million bottles have been sold during the last six months, and in no instance has it failed in giving entire satisfaction. Who, then, will suffer from Weakness or Debility when McLEAN'S STRENGTHENING CORDIAL will cure you?
No language can convey an adequate idea of the immediate and almost miraculous change produced by taking this Cordial in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the relaxed and unstrung organization is restored to its pristine health and vigor.
MARRIED PERSONS, or others, conscious of inability, from whatever cause, will find McLean's Strengthening Cordial a thorough regenerator of the system; and all who may have injured themselves by improper indulgences will find in this Cordial a certain and speedy remedy.
TO THE LADIES.
McLean's Strengthening Cordial is a sovereign and speedy cure for Incipient Consumption, Whites, Obstructed or Difficult Menstruation, Incontinence of Urine or Involuntary Discharge thereof, Falling of the Womb, Giddiness, Fainting, and all diseases incident to Females.
There is no mistake about it. Suffer no longer. Take it according to directions. It will stimulate, strengthen, and invigorate you and cause the bloom of health to mount your cheek again. Every bottle is warranted to give satisfaction.
FOR CHILDREN.—If your children are sickly, puny, or afflicted, McLean's Cordial will make them healthy, fat, and robust. Delay not a moment; try it, and you will be convinced. It is delicious to take.
CAUTION.—Beware of druggists or dealers who may try to palm upon you some bitter or sarsaparilla trash, which they can buy cheap, by saying it is just as good. Avoid such men. Ask for McLean's Strengthening Cordial, and take nothing else. It is the only remedy that will purify the blood thoroughly and at the same time strengthen the system.
One tablespoonful taken every morning fasting is a certain preventive for Cholera, Chills and Fever, Yellow Fever, or any prevalent disease. It is put up in large bottles. Price only $1 per bottle, or 6 bottles for $5.

Delightful Country Residence for Sale.
I HAVE nearly 13 acres of fine land, with a new modern style cottage containing nine rooms and unusually convenient, situated on the Ohio river, 2¼ miles above Jeffersonville, Ind., on the Utica road. The house is tastefully built, and stands on a high ridge near land overlooking the river. It commands at all seasons of the year a most picturesque and refreshing view of river scenery for miles up and down, embracing Louisville, the Water-Works, &c. There is a large orchard of young fruit-bearing peach and apple trees, which last year yielded a handsome return, besides plum and cherry trees; also a large asparagus bed and about half an acre in strawberries, and between 400 and 500 raspberry and several gooseberry bushes. There is also a nursery containing about 200 young peach trees. The out-buildings consist of a commodious barn, corn-crib, hen-house, &c. There is a pump of excellent spring water, besides two rain-water cisterns with pumps. The land comprises four different kinds of soil, and is well adapted to Melons, sweet potatoes, corn, and garden stuff generally, and is in a high state of cultivation. The improvements are all new, and its local advantages of proximity to Louisville and a market, its romantic scenery and healthy situation, render it one of the most desirable places in this section of country. The place will be sold on easy terms, or a moderate-sized desirable house and lot in either Louisville or Jeffersonville, or New Albany will be taken in part payment. C. PROAL,

WOMAN'S FRIEND.
E. CLARK'S
Revolving Looper
DOUBLE THREADED.
FAMILY
SEWING MACHINE.
EVERYBODY and his wife pronounce it the best in the world. They will Stitch and Hem, Tuck and Fell, Gather and Embroider with perfection, and are particularly adapted to Family use.
They will sew all kinds of goods, from the finest to the coarsest, better than any other Machine extant, and may be used with excellent success in all kinds of light leather work. Any person of ordinary intelligence can in one hour learn to use them successfully. These Machines are warranted, and any person purchasing them can return them and get their money if, after a month's trial, they do not prove satisfactory.
The following are among the advantages they possess over all other Machines:
1st. They are simple, strong, and durable, easily understood and managed, and not liable to get out of order.
2d. They sew cotton from the ordinary spool without rewinding, saving time, trouble, and waste.
3d. The stitch is stronger and more difficult to rip than any other made by machinery, and is superior to the best hand sewing. The two threads are double looped into each and firmly tied and knotted at every stitch. The principle of this stitch is the same as the celebrated Grover & Baker's, with the exception that the objectionable cord on the under side is entirely dispensed with, and leaves a perfectly strong, smooth, and even seam.
4th. They sew Cotton, Linen, and Silk thread equally well.
5th. They FINISH their work. There is no occasion to fasten the threads at either end of the seam as is required by all Shuttle-stitch Machines.
6th. Every Machine is made to run by hand or foot power, thus combining the advantages of both methods.
Several thousand respectable families in different places in the East, West, and South pronounce this the best Machine in the world for family use, which is quite sufficient to insure an examination of our Machines.
All letters of inquiry with an extra postage stamp will insure a reply and a circular.

LEA & PERRINS'
CELEBRATED
Worcestershire Sauce
PRONOUNCED BY
CONNOISSEURS
TO BE THE
"Only Good Sauce,"
and applicable to
EVERY VARIETY
OF DISH.
EXTRACT of a Letter from a MEDICAL GENTLEMAN At Madras TO HIS BROTHER At Worcester May, 1851.
"Tell LEA & PERRINS that their SAUCE is highly esteemed in India, and is, in my opinion, the most palatable, as well as the most wholesome SAUCE that is made."
The above SAUCE is not only the BEST and most popular CONDIMENT known, but the most *economical*, as a few drops in *Soup, Gravy*, or with *Fish*, hot and cold *Joints, Beef Steak, Game, &c.*, impart an exquisite zest, which *unprincipled* Sauce manufacturers have in vain endeavored to *imitate*.
On the *Breakfast, Luncheon, Dinner*, or *Supper Table*, a cruet containing "LEA & PERRINS' WORCESTERSHIRE SAUCE" is indispensable.
To appreciate the *excellent qualities* of this *delicious* preparation it is only necessary to purchase a small bottle of the *genuine*, of a respectable grocer or dealer as many *Hotel* and *Restaurant* proprietors seldom place the *pure* Sauce before their guests, but substitute a genuine *bottle* filled with a *spurious* mixture.

LOUISVILLE
Private Medical Dispensary,
Established in 1852.
For the Cure of all Private Diseases.
YOUTH & MANHOOD.
DR. GATES has for many years devoted his whole time and attention to the treatment of diseases of a private nature in all their varied and complicated forms. His success in those long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the afflicted as worthy of the extensive practice which he has heretofore received. And he pledges to spare neither time nor expense to render himself proficient in the profession of his adoption.
Those who believe they have contracted disease should make immediate application, as, by his recent discoveries, he is enabled to cure all cases in a few days.
YOUNG MEN, who, by indulging in solitary habits, have contracted that mind-harrowing and body-destroying disease, SEMINAL WEAKNESS, which leads to the most alarming and fatal consequences if relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and matchless remedies, which never fail of effecting a quick and radical cure.
MIDDLE AGED and OLD MEN, who, by excessive indulgence of their passions, have produced a debility in advance of their years, can consult Dr. Gates with the fullest assurance of being again restored to that state of health which they would have enjoyed had they never committed any excess.
Persons contemplating marriage and having any doubt as to their physical ability to enter into that solemn contract, should send at once to Dr. Gates, who will remove all obstacles to a long and happy life.
"*Dr. Gates's Private Medical Treatise* on *Sexual Diseases,*" a new and revised edition, handsomely illustrated with numerous plates and engravings representing the genital organs of both sexes in a state of health and disease. Treating on all private diseases incident to both sexes, such as venereal, nervous, and sexual debility, solitary habits, seminal weakness, impotence, &c., with instructions for their speedy and permanent cure, sent to any person on receipt of ONE DIME.
TO THE LADIES.—Dr. Gates is the agent for M. LA CRAUX'S FRENCH PREVENTIVE POWDERS. By their use, those who, from any cause, wish to limit the number of their offspring, can do so without danger to health or constitution. Price by mail, $2 and two postage stamps.
Also, for MADAME CAPRAUL'S FEMALE MONTHLY PILLS, a sure and effectual remedy for Irregularities, Obstructions, &c. Price by mail, $1 and one postage stamp.
CAUTION.—These pills should not be taken during *pregnancy*, as they are sure to produce *miscarriage*.
To persons at a distance who wish to be cured at home I will, on receipt of a brief statement of their case, send a list of such questions as I would ask on a personal interview; and, on receipt of the list filled out, I will forward medicines particularly adapted to the case, free from damage or observation, to any part of the country, with full directions for use.
Consultations may be held from 8 A. M. to 9 P. M., (on Sunday from 9 to 11 A. M.) at his office, northeast corner of Third and Market streets, up stairs—private entrance on Third street. Louisville, Ky.

☞Mr. Joseph Bernd, the local editor of the Louisville Journal, and the sole editor of the Louisville Bulletin, died at the Louisville Hotel on Saturday morning of pneumonia after an illness of five days.

This melancholy annunciation cannot fail to cause a feeling of deep and painful regret in the hearts of all who knew Mr. Bernd, and he was known by thousands. None could know him without respecting him, and none could know him intimately without loving him. The very sound of his oft-spoken name awoke a loving echo in innumerable hearts.

For ourselves, we feel too deeply stricken by this sad bereavement to be able to furnish to-day a fitting tribute to the gentle and worthy dead. He was in our office as local and commercial editor for nearly twenty years, and during all that time we were in daily and nightly intercourse with him.

We never knew any man more intimately, and we never knew one more honest, more reliable, more true, more faithful, more conscientious, more devoted in friendship, more zealous in the scrupulous discharge of duty in all private and in all public relations. He never betrayed a trust or faltered for an instant in the performance of the obligations imposed by it. Singularly unselfish, he was ever ready to sacrifice his own convenience and comfort to the gratification of others. He shrank from no toil or labor, however excessive, where he believed that the interests of his friends and employers could be promoted by his exertions. His greatest happiness was in the consciousness of doing right. There was no weed of bitterness among the bright and healthful flowers of his life.

The death of Mr. Bernd is not only a calamity to us and to his other immediate friends and associates but a misfortune to the business community of Louisville. All knew, that, in the important position of a commercial reporter, he was industrious, careful, sagacious, and incorruptible. No influences, however powerful, could ever induce him to suppress any portion of the truth. Efforts to bribe, to cajole, and to intimidate were alike unavailing. He was as brave as he was honest. All felt that whatever he stated might be relied on as the result of close and faithful scrutiny, guided by a strong intellect and a sound judgment. The place of such a man it is difficult if not impossible to fill.

Alas! we feel that one of the brightest of the golden links that bind us to earth is broken. So many of those, with whom we have as an editor been associated, have fallen around us, that, when we look back upon the past, we seem to stand in the midst of a church-yard, where the white stones stand like ghosts in the dim moonlight, and the low winds moan dolefully through the broken tombs. Poor Bernd! we bid you a heart-adieu. If every tear that shall be shed above your lowly dust were a flower, your grave would exhale a sweet perfume to heaven to mingle with that of the immortal blooms that are now around you.

Mysterious Disappearance. — Mr. W. H. Rutledge left home, at Long Run, Ky., for Louisville, on Monday last, and was seen in Louisville the next morning about nine o'clock, and has not been seen or heard from since. It is believed by his friends that he has been murdered. He is about five feet eight or ten inches high; dark hair (smartly gray); blue eyes; scar on the top of his head, and scar on his back near his left shoulder, done by a knife; he had on a blue cloth frock coat; yellow-colored vest; lead-colored cassimere pants; white knit under-shirt; blue yarn socks and black hat. He had money and papers in a pocket-book—amount not known. Mr. Rutledge is about 40 or 45 years of age. Any information concerning his whereabouts, or his fate, will be thankfully received and liberally rewarded. He leaves a wife and three small children in great distress and anxiety. His friends will receive any information left with Judge G. W. Johnston.

A Revelation from the Depths of the Sea about the Hungarian.—A diver, who has returned to Halifax from Cape Sable, says he descended several times into the interior of the wrecked steamer Hungarian. The scene which presented itself was appalling in the extreme; for, although there were no corpses in the interior of the ship, there were nearly twenty bodies discovered entangled in the wreck alongside and in the gullies close by. These frightful remnants of poor humanity exhibited all the stages of dismemberment, sans heads, arms, legs, &c., and all more or less in a state of decomposition. Those seen appear to have been up and dressed, or partly so, as some of them were evidently in the act of putting on their shoes, stockings, or other clothing, when the king of terrors put a stop to their toilet forever.

The Funeral of Mr. Joseph Bernd.—We do not remember ever having witnessed in the city a more imposing and solemnly impressive funeral demonstration than that yesterday in honor of the late and much lamented Joseph Bernd. The vast hall of the Masonic Temple was filled by the friends of the deceased. Every class of our citizens was represented, but the business men of the city were especially numerous, being anxious to signify the very high esteem in which they held one who had been so long and so faithfully a servant of the public.

The services were conducted according to the ceremonial rites of the Jewish religion, the Rev. Mr. Gotthelf delivering a very excellent address, which will be found subjoined.

A procession of Masons and citizens was then formed, extending over five squares, which proceeded to the Jewish cemetery on the Preston street plank road. There the body was prepared for sepulture, undergoing the process of purification. It was then replaced in the unplaned wooden coffin and covered with evergreens, lowered into the grave. Not one of the thousands present but exhibited marked emotions of grief. All seemed to feel that a good man had gone—one upon whose like we shall never again look.

The very great interest displayed in the proper conduct of the services by the members of the Jewish faith and the several Masonic bodies was especially gratifying to the more immediate personal friends of Mr. Bernd. One of his brothers reached the city yesterday morning from St. Louis in time for the sad services.

We annex the remarks of the Reverend Rabbi, Mr. Gotthelf:

Friends and Brothers:

Conscious of my feeble capacity, let me crave your kind and generous indulgence for the few remarks I offer on this sad occasion to so respectable and intelligent an assemblage, composed of men of deep learning, of highly cultivated minds and eloquent oratorical powers, the least among whom would, perhaps, do more justice to the task I have assumed, than my humble self. But duty calls and I shall not shrink.

We are here assembled, my friends and brethren, to pay the last tribute of respect to one well known to all within the sound of my voice, both in his public capacity and in his private life. The deceased, Joseph Bernd, for upwards of twenty years filled the responsible office of local editor of the leading journal of this city—filled it to the satisfaction of his employers and supporters—never swerving from the rigid path of duty; and if the obituary that appeared in yesterday's Bulletin, written in such eloquent and glowing language, be true, it may aptly be said, in the words of our sages, "Joseph was an Israelite in whom there was no guile."

Start not, my friends, at this assertion. Though he was not an observer of the Jewish ceremonial law, his career through life, the immense gathering of friends around his earthly remains, prove conclusively that the strict principles of the moral law, that great purifier and elevator of mankind, that lofty truth, ever unchanged and first taught by Moses and Israel, was implanted in his heart by pious parents, to remain there firm and unshaken, and to be remembered, even in the struggle of death. And how well they were remembered may be gathered from his last words: "Bury my body according to the faith of my fathers. Tell my mother that I died in the religion she taught me; that my last earthly thoughts were of her. Death has no sting for me, for my hopes are fixed on a glorious immortality."

O, that all of us may be enabled to feel and utter such lofty sentiments in the much-feared hour of death, and may we never forget that, although ceremonial acts may be necessary in all societies and denominations, yet they are but the outward emblems of inner principle which should pervade the breast and become the guiding star of all the children of immortality.

My brethren, cast your eyes on this plain and unsightly coffin, in which are deposited the earthly remains of our deceased brother. It has been ordered in accordance with an ancient Jewish usage. Accustomed as you have been to witness the last tenement of man gorgeously adorned and decorated, some of you doubtless smile inwardly and think it not appropriate, but nevertheless it teaches us the great and moral lesson that before God—in the grave—all are alike, the rich, the poor, the great, and the humble, the Jew and the Gentile. "Naked you came into the world and naked shall ye return therefrom." All our earthly treasures, the highest positions in social life, nothing will accompany us beyond the gates of the grave save our good actions in life. The hearts we have gladdened, the tears we have dried, the charity we have bestowed on the needy and oppressed, the enlightenment we have promulgated, the prejudices and superstitions we have endeavored to remove—these are the only treasures which we Israelites are taught will accompany us beyond the grave. And therefore we have adopted it as a custom all over the world, to give the same plain, artless coffin to a Crœsus and a beggar.

The Jewish sages have figuratively drawn the following picture, to which I allude in support of my assertions.

A man, they say, had three friends. The first one he loved and cherished much more than the rest—in fact more than anything else on earth. With him were his thoughts by day and night; he toiled and labored steadily to gain his affection. The second friend he loved too, but not so intensely by far as the first. For the third he cared but little; very rarely met with him, and their mutual intercourse was but occasional. This man, who had led a supine life, was suddenly cited before his King. Alarmed at such an unprepared-for summons, he hastened to his friend first named, whom he had loved so ardently, requesting his aid in this dilemma. But how greatly did he feel mortified at his reply: "I cannot go with thee; I have no influence at court and cannot serve you in any way whatever." The man repaired to his second friend, but was told that he would go with him to the palace of the King, but no further; and there I must leave you and return home again. O, how he regretted then that he had not been more friendly to his third friend, but resolved to ask his advice and aid. "Yea," said he: "be cheerful; drive that sadness from thy heart; I'll go with thee into the King's presence. I will speak and plead in thy behalf. I shall try my utmost to save thee."

This tale points to the hour of death, when the soul is about to quit its tenement of clay. The first friend is our wealth and grandeur, whence at that moment availeth nothing; nor can it soften the pang of separation. The second is our relatives and friends, who will accompany us to the gate of the grave, and there leave us and return. The third is our good actions in life. These aid us cheerfully along that bourne from which no traveller returns, and present and plead for us at the foot of Heaven's Throne, before the Almighty King and Ruler of the Universe, before the loving, merciful Father of mankind.

Let us therefore, my friends and brethren, not cast our eyes too strongly on the pomps and vanities of this world; let us not consider earthly treasures as the chief aim and destiny of our lives, but always remember that life is but a shadow, a flower of a day's duration. Let us be prepared for the certain messenger; let him not call and find us unprepared.

May the unfettered soul of our deceased friend and brother rest in peace, and share in the happiness and salvation of all the good and pious departed that have preceded him. Amen.

O, may God accept thy soul in the heavenly dwelling of bliss, happiness, and salvation, and may thy untimely death become to us a lesson to be prepared when God calls us away from the circle of those we love, so that we may daily get wiser, better, and more obedient to His Holy will. Amen.

The Races To-Day.—Everything is in readiness for a brilliant meeting over the Woodlawn course the present week. The stables are filled with the very choicest of racing stock, and the hotels crowded with visitors who have come hither to witness the exciting sports.

The first race to-day is the Louisville Association stakes for colts and fillies, three years old, $100 subscription and $50 forfeit. For these there are twenty-six entries, and most of them will start. At the Galt House, Saturday night there was considerable excitement, and the speculation in pools was very spirited. Bettie Ward was the favorite, the prices ranging about as follows: Bettie Ward, $75; McGrath, $50; Magenta, $21; Alexander, $20; Buford, $16; Harper, $11; Dick Atkinson, $12; Pitty Pat, $8.

The second race is two mile heats, for a purse of $250, with the following entries: Laura Farris, by Lexington; Keene Richard's Colossus, by Sovereign; R. A. Alexander's chestnut filly by Yorkshire, and Viley & Ward's Goodwood, by Lexington.

Among the racers that will exhibit their bottom the present week are the following high spirited animals: Glencoe, out of Blue Bonnet; Lightning, by Lexington, and a three year old by Vandal. Col. Campbell has five or six, Joe Stoner at the head. Dr. Welden has Marengo, Tribune by Berthune. J. G. Berthune has Solferino and Magenta, by Yorkshire. Capt. A. Buford has a Lexington filly out of a Glencoe, and a Vandal filly out of Laura Farris. Jno. Clay has Austerlitz, by Yorkshire, and Mat Davis, by Star Davis. R. A. Alexander has Lavender, by Waggoner, Leila, by Yorkshire, Lindora, by Lexington, three year old filly by Lexington out of Kitty Clark by Glencoe, Jerusalem by Jericho, out of Daylight by Trustee. In A. Keene Richard's stable, there are Glycera and Colossus by Sovereign, Bettie Ward by Lexington, dam by Whalebone and an Arabian. F. G. Murphey enters Starlight, by Star Davis out of Argentile, bay filly by Childe Harold out of Bill Alexander's dam, bay filly by Vincent Nolte, out Trauhyada. Judge Hunter, of Alabama, has Lorett, by Sovereign, Sherritt, by Lecompte, dam Picayune, (H. P. McGrath's,) Lucy Fowler by Albion, dam by Leviathan.

It will be seen that the most ample arrangements have been made by the Louisville and Lexington railroad company for the transportation of passengers. Trains will leave the Jefferson street depot at 12, 2 and half past 2 o'clock.

☞James Waddell, Esq., of this city, sailed for Europe, from Boston, in the steamer Canada, on Wednesday.

Theatre.—The Ravel troupe commence the second week of one of the most successful engagements they have ever played in this city to-night, and have presented a bill which of course will draw a crowded house. In addition to the tight rope performances of the Martinettis and the beautiful dances of the ballet, Gabe and his brother will appear in a couple of their most amusing pantomimes, The Magic Trumpet and The Contrabandist.

New Seedling Strawberry.—We are indebted to J. Thatcher, Esq., of this vicinity, for specimens of a new seedling strawberry which differs in its characteristics from nearly all other qualities of that famous and delicious fruit. It is very large and regular in size, of a rich scarlet color and fine aroma. It ripens well just as other strawberries are going out of season, and is quite prolific and hardy. There is no falling off in the fruit, it all being remarkably fine.

☞Thomas H. Hunt, Esq., of this city, was on Saturday night chosen Major of the First Battalion of the Kentucky State Guard. A. H. Field, of Bullitt county, was a contestant for the honor. We trust that Mr. Hunt will be induced to accept this position which he will fill with great advantage to the newly organized militia of the State.

RIVER AND STEAMBOAT MATTERS.

The river was falling slowly last evening, with 8 feet water in the canal and 6 feet on the falls.

The R. M. Patton was the only steamer at the city wharf. She leaves this evening for Eastport, Tuscumbia, and other ports on the Tennessee river.

Yesterday the river was crowded with coal boats, and the steamers Pink Varble and Charley Miller were busily engaged. Over sixty pairs of boats passed through the canal.

On Saturday evening Messrs. R. De Hart and Geo. Evans had a narrow escape from drowning. A sail boat in which they were enjoying themselves, capsized by a sudden flaw of wind, and they were swept over the falls.

The Lebanon leaves to-day at noon for St. Louis.

The Cumberland river is at a stand, with 6 feet water on Harpeth shoals.

Gallatin Races.—Gen. Woolfolk's filly, out of the celebrated race mare, Martha Dunn, by Albion, on Saturday won the race at Gallatin in 1:51-1:48, as will be seen by the following dispatch:

Gallatin, May 19.

"Martha Dunn's' filly won the race to-day in 1:51-1:48, easy. Toodles second, Cheatham's filly third.

The Templars of Honor.—The Grand Temple of Honor of Temperance in Kentucky, has just closed its session at Millersburgh, in Bourbon county. The meeting, as we learn from some of our citizens who were in attendance, was well attended, and the proceedings were of the most harmonious and instructive character. We understand that such arrangements have been made as will give impetus to the Temperance cause throughout the whole State. The officers for the current year consist of the Rev. R. F. Wilson, of Russelleville, G. W. T.; James A. Bassett, G. W. V. T.; J. M. Ferguson, of Covington, G. W. R.; H. F. Bowen, G. W. T.; J. B. Hynes, G. W. U.; H. F. Porter, G. W. G.; and David Stephenson, G. W. Chaplain.

☞The indisposition of Mr. James E. Murdoch is so serious that his friends are denied access to him in Cincinnati. We trust he may soon be restored to health and to his professional avocation.

☞On the bottom lands about Carroll and Owen counties, as seen from the river, the orchards seem entirely blighted from the effects of catepillars.

☞Our despatches last night were very meagre, the lines east being out of order.

☞A through train of cars from this city arrived at Clarksville, Tennessee, on Friday. It is to be engaged in transporting iron and other materials for the Memphis branch road. Track laying will commence to-day at the State line.

☞The Kentucky delegation to Chicago was received by the Kentuckians residing in that city. Hon. W. P. Thomasson, late of this place, made the speech of welcome. He was responded to by W. H. Gallagher, Esq., of Pee Wee.

☞We are indebted to Messrs. Mann & Allen, of the Kentucky Horticultural Society, for a suberb lot of strawberries. If this specimen be any indication of the next week's festival, it will be a glorious one indeed.

Arrival of Mrs. Ada Richardson.—We are informed that Mrs. Ada Richardson arrived in this city on Wednesday from the South, consequently she cannot be murdered, and it was not her body that was found in the dock at Jersey City.

A CARD.

A few days since I received an issue of the "Summit Beacon," a Black Republican paper, published at Akron, Ohio, in which the editor gives account of a speech delivered in that place on the 28th of April by the Hon. Mr. Egerton, a member of the House of Representatives. My attention was especially directed to the following words in the report of Mr. Egerton's speech:

"But, in generalizing upon the transactions of modern Democracy, Mr. Egerton was at home—forcible, pungent, and felicitous. In his delineations, too, of scenes and characteristics in the present House, he held the audience in the most earnest and interested attention. His word-sketch of the lip-brave duelist, Pryor, and his locks, was capital. The Virginia Hotspur was handled with merciless ridicule."

On reading the above paragraph I resolved to have an explanation of Mr. Egerton. Accordingly I met him on the street yesterday—he being accompanied by one of his colleagues, and I by the Hon. Mr. Lamar and M. W. Cluskey, Esq. Approaching the gentleman, I said, "Mr. Egerton, I believe." He responded, "Yes. How are you, Mr. Pryor." I proceeded—"I understand, Mr. Egerton, that you took occasion to blackguard me in a recent speech in Ohio." He at once replied, "No, sir, I did not." I continued, "Did you say nothing offensive about me?" He answered, "No, nothing, whatever." I turned to the bystanders and said, "Gentlemen, bear witness." After which I left Mr. Egerton and terminated the interview.

The appearance of the report of Mr. Egerton's speech in the "Summit Beacon" makes it proper to give publicity to the colloquy between him and myself. ROGER A. PRYOR.

Magnificent Subscription.—We learn that Mr. Abraham Magowan, of Fleming county, has given to the Methodist College at Millersburg $10,000 toward the endowment of a Professorship of Mathematics and Natural Science in the institution to be called after the liberal donor. Our Methodist friends are meeting with great success in their efforts to endow their College at Millersburg.

From the Planter's (La.) Banner.

THE LATE T. HOBSON THOMPSON.

BY R——.

Editors Banner: Few who read the announcement of the death of our respected friend—whose name heads this article—in your last issue, will hesitate to pay the tribute of a sigh to departed worth; for his name had come to be one of the household words of our parish—his character "known and read of all." Full of years and honors, he has gone to the grave—to its brink we follow him with this token of bitter parting.

Mr. Thompson was born in Culpepper county, Virginia, February, 1787, and in his eighth year removed with his father to Louisville, Kentucky. Here, amidst those stirring events that clustered around the early history of that State, associated with many who subsequently proved themselves master-spirits of the age, his habits were formed and his mind matured. Doubtless such associations in early manhood aided much in moulding that firm, consistent character which we admired so much in our deceased friend.

In 1820, Mr. Thompson commenced the life of a trader from Kentucky to Louisiana. We, in this day, in this age of railroads and steamboats, cannot fully appreciate the lives and characters of those who mainly carried on the commerce between the South and West at that period and before.

What strength of nerve—what iron, stern resolve was required to endure hardships and overcome obstacles inseparable from those long trips, either by land or water! Often have we listened with deepest interest to our friend's recital of these interesting events—weary journeyings from New Orleans to Louisville—even the thought is tiresome—and much of the way through an unbroken wilderness, inhabited only by tribes of Indians of doubtful friendship—whole weeks sleeping by camp fires, sometimes alone and with large sums of money on his person—for three weeks at an Indian camp, between life and death, with a burning fever, and then alone pursuing his homeward way on a solitary trail. We, at this age of downy beds and life's smooth, flowing, onward course, should ever bear in grateful remembrance those who have gone before, breasting the storms and dangers of life that we who were to come after them might have quiet and repose.

In 1824, Mr. Thompson was married to his present surviving widow. Of a large family of children but two remain to mourn with her their loss. The family continued to reside in Kentucky until 1832, when they removed permanently to this parish.

Thus, for twenty-eight years he has been our fellow-citizen. We have no "lying epitaphs" to blazon the virtues which the dead had not. On our hearts is deeply engraven the life and character of our friend. Those who knew him best will miss him most. Indeed, for him to have been fully appreciated required more than ordinary acquaintance. Like the diamond, its lustre came with the using. An intense form of disease caused him great suffering and close confinement at home for several years previous to his death, which prevented him from mingling in social or public duties; but his interest in neither was abated, and whatever affected the general weal was a matter of deep personal interest to him.

Benevolence was a strong point in his character—he grudged nothing he could do for a friend, and no form of human woe appealed to him in vain. His respect for religion was proverbial, and though making no outward profession, his life would put to blush many a professor.

He was a man of few words; he meant what he said. Like "apples of gold in pictures of silver," they were his bond. Still, in familiar intercourse, few were more interesting.

But the good, the noble and generous must go to their long, last earthly homes; and Thomas H. Thompson has ended his days on earth. The close of his life was one of intense suffering; 'tis past, 'tis over now, and quietly he rests in that long home which awaits us all.

The memory of his life is a rich legacy to his friends. May it not have been left us in vain.

MARRIED.

On the 17th inst., at the residence of the bride's father, by the Rev. Dr. Spalding, Mr. J. P. McMillin, of Ripley, Ohio, to Miss Mollie E., eldest daughter of G. Self, Esq.

DIED.

At his residence, in Ballardsville, Oldham county, Ky., on Tuesday, the 24th of April, 1860, Dr. S. W. Coleman, after an illness of about four weeks, in the 27th year of his life.

The deceased was a graduate of Bethany College and the Lexington School of Medicine before he was 21 years old. Before he was 22 he was a graduate of the School of Medicine in the city of New York. He began to practice his profession (when about 22 years old) in the town of Ballardsville, in the spring of '55, and has perhaps done more practice than any man of his age. We feel assured that none of any age ever practiced with more success. He was a bright ornament to the medical profession, and science has lost in him a valuable friend. He has left a wife, infant daughter, and numerous relatives and friends to mourn his loss. He was a highly intelligent member of the Christian Church, with which he united when quite a boy. He was not only an eminent physician, but eminent for all the good qualities that adorn human nature. His death is universally lamented. [?] S. R.

Matrimony and Music—Divorce Extraordinary.—*Mary L. Ullman vs. Bernard E. Ullman.*—This was an action for divorce on the ground of adultery. The defendant in the action is the well-known *Impresario* of the Academy of Music, and the plaintiff is the daughter of a highly respectable widow lady residing on Staten Island.

The complaint alleges that the parties were married in July, 1848, and lived together until April, 1849, when the plaintiff was abandoned by her husband. A child was born in May, 1849, the issue of the marriage, which is still living. It is further alleged that since April of 1849 the defendant has not contributed towards the support of his wife and child, who continued to reside and still reside with the mother and grandmother on Staten Island. The defendant is charged with adultery, committed at the Waverly House and other places in the city with a certain lady, with whom it is alleged he is still living in like intercourse. The defendant put in an answer denying adultery, but admitting the marriage with the plaintiff. The action was referred, the referee reporting in favor of the plaintiff. That report was confirmed, and upon it judgment of divorce was granted on the 28th of March last.

The plaintiff has since petitioned for a further order compelling the defendant to support herself and child; and on Saturday last, fearing that he was about to leave the State (as it was supposed, for Europe), she obtained a writ of *ne exeat* to prevent his departure. That writ was granted at Chambers by Justice Leonard, plaintiff's counsel stipulating that if the defendant should give bail in the sum of $2,000 that he should be discharged; and he was allowed until Tuesday, the 15th, in which to file such security. That stipulation not having been complied with, the writ has now been delivered to the sheriff to be executed.

The Postoffice Defalcation.—*Mr. Fowler not yet Arrested—His Bondsmen offer to pay up—the Successor to Mr. Fowler—What the New York Postoffice is Worth, Etc.*

Yesterday developed no new particulars of interest connected with the defalcation in the New York Postoffice, and the excitement that attended the first announcement of the news is fast dying away. The friends of Mr. Fowler, forgetting the crime in their regard for the man, continue to express their sorrow at his downfall, their joy at his escape from the clutches of the law, and their wonder as to what he has done with the money. United States Marshal Rynders continues his search for the missing defaulter with unabated vigilance, and has sent out scouts in all directions, whither the fugitive was, or was not, likely to have fled. It is to be hoped that the Captain's extraordinary efforts will be duly appreciated at Washington, for here it is not too much to say that they are the laughing stock of the whole city. Nobody believes that he would arrest Fowler if he could, or that he could if he would. The whole thing is a farce, and might as well be dropped first as last. The bondsmen of Mr. Fowler—Messrs. Law and Conover—have signified their willingness to respond immediately to the extent of their bond ($75,000) without a prosecution. As for the remainder, Uncle Sam has only to think of Swartwout, put his hands in his pockets, and whistle.

The investigation into the affairs of the late Postmaster and the books and papers of the office is proceeding, under the direction of the general officers, with all possible dispatch, but it will be several days before anything definite is known as to the extent of the defalcation, or the number of parties implicated in it. The name of Mr. Caldwell, the First Assistant and Cashier under Mr. Fowler, was mentioned in yesterday's report as being implicated in the fraud. By this was not meant to be understood that he was a sharer in the proceeds of the defalcation, for he is able to show, and did show to the government officers, previous to his resignation, vouchers for all the moneys that passed through his hands—but only that he was cognizant of the frauds of his superior officer—a knowledge that every one acquainted with the duties of his office knows he must have possessed.

We are enabled to state that the position so hastily vacated by Mr. Fowler has been tendered to Hon. John A. Dix, and that his acceptance of the appointment was yesterday telegraphed to Washington. Mr. Butterworth, the well-known Superintendent of the Assay office, was first tendered the position, but promptly declined. The truth is that the New York Postoffice, if honestly administered, is not so lucrative an office as is generally supposed. Mr. Horatio King, the Assistant Postmaster General, who ought to know the facts, says that it is legitimately worth just $4,000 a year, and no more. This salary, considering the responsibilities of the position, and the $75,000 bonds required from the incumbent, does not render it a very enviable position.

It is rumored that there will be a general removal of the subordinates in the office, on the incoming of a new Postmaster, and a great deal of anxiety is naturally felt among the clerks. Thus the criminality of one man is likely to entail suffering and misery upon hundreds of innocent persons.—*N. Y. Times.*

Heavy Robbery in Canada.—*Arrest of the Alleged Receiver of the Stolen Goods in this City.* In the early part of the present month, the store of Mr. Isidore Samson, 192 Notre Dame street, Canada, was robbed of various articles of jewelry valued at $30,000. The robbery was supposed to have been committed by one Julius Simpson *alias* L. Beers, who brought his booty to this city. Mr. Samson came to this city in search of the thief, and, with the assistance of officer Miner, of the 10th ward police, traced a portion of the property to the possession of Joseph P. Lipsker, a German, who keeps a jewelry store in the Bowery. Lipsker was in possession of four gold watches and three silver snuff boxes, identified as a portion of the stolen property, which he had purchased for the sum of $80, the articles being worth at least $210. It is alleged that Lipsker bought the goods with the knowledge of their being stolen. The accused was arrested by officer Miner and taken before Justice Brennan, who held him to bail in the sum of $1,000, to answer the charge at the Court of General Sessions.—*New York Advertiser.*

[From the Boston Christian Freeman.]

Mrs. Winslow's Syrup. Are all the mothers who read the Freeman acquainted with this article, which we have advertised for the last few months? We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of this Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. We are entirely opposed to the prevalent practice of drugging infants, and would sooner lose our night's rest than consent to such a course; but here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething siege on any considerations whatever.

We have spoken of this Syrup for the benefit of our readers who are parents. We know its good value, and have experienced some of the rich blessings which result from its use. Mrs. Winslow is no quack, but a woman of long experience as a Nurse and Female Physician.

Two Bad Cases of Scrofula Cured.—My daughter, two and a half years old, suffered, since her birth, from scrofula, boils, oppression of the stomach, and loss of appetite. I have been using Peruvian Syrup in her case, and I am happy to say she is restored to health.

The same was with my youngest boy, Rudolph, eight months old. He suffered from scrofula: his ears were sore, and he had, on different parts of his body, scabs of a dangerous character. I used the Peruvian Syrup two weeks, and my pretty boy is perfectly well: his ears are sound, and his entire body is free from scabs, etc.

"To save is to gain" said Dr. Franklin, and the principle applies as well to the saving of property as money. It is said that economy is the road to wealth; if this is so, small things should be saved as well as large ones; all, therefore, who would preserve their stoves and grates from rust and decay, would do well to call at Raymond & Tyler's, No. 74 Fourth street, and procure a supply of their well known, and long tried stove and grate varnish, for beautifying and preserving iron from rust.

AYER'S SARSAPARILLA,

A COMPOUND Remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of a still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Doloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but, with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

ARRIVAL OF THE ADRIATIC.
Warlike Preparations.

Sandy Hook, May 19.

The Steamer Adriatic, from Havre via Southampton 9th instant, has passed this point on her way to New York.

The Great Britain had arrived from Australia with £190,000 in gold. £101,000 was en route from Australia.

Count Montegelien and Don Fernando, had publicly renounced their claim to the Spanish throne.

Garabaldi had left for Sicily with an expeditionary corps.

Switzerland insists on the assembling of the conference immediately.

The Great Eastern sailed from Southampton, May 9th for New York.

The Adriatic left Havre on the 8th and arrived off Cowes the same evening, having embarked the mails and passengers. She sailed again on the eve of the 9th, passed the Needles at 6:20 P. M., from thence to Cape Race she encountered a succession of strong westerly winds with a head sea. She stopped off the light ship at 6 A. M. to-day, and was detained four hours by fog.

It is stated that Prince De Joinville was passenger on the Europa under an assumed name.

Advices from Palermo report the agitation decreasing. The state of seige had been raised.

A Turin despatch says the insurrection is spreading throughout the Island of Sicily and is spontaneous. The royal troops are in possession of the town and are blockaded between the sea and the insurrection in the interior.

The Adriatic reached her dock at noon.

The Prussian Finance Minister denies any alliance with Austria.

In reply to proposals of France England consents to adopt as a basis of the Conference article 92 of the final act of Vienna, which assures the neutralization of Chablais and Faucigny.

England reserved the right to make proposals at the Conference relative to the mode of neutralization. This declaration increases the probabilites of the assembling of the Conference.

The Arabia was in contact with the Great Britain in the Mersey, and had the rigging of her port sides carried away. The Great Britain was uninjured.

Naples.—Advices of the 4th report tranquility throughout Sicily, while other dispatches confirm the above from Turin. Rumors were current that the relations of Russia and Turkey were again assuming a bold aspect, and that Prussia and Denmark are on the eve of rupture with Holstein, but they were thought to be manufactured for speculative purposes.

The letter of Sayer's to the editor of the Times. Sir: The period has arrived when it becomes my duty to thank the great British public for the patronage they have bestowed on me. It is not for me to pass any remark upon my late struggle, when the New World was pitted against the Old. But one thing I can say in honesty, that I did my best for the land of my birth and dearest affections. I had opposed to me one worthy of me, and whose activity, rapidity, and pluck, it was no small task to encounter. Sprung from our own race, the Americans inherit our best qualities, and as our conflicts with them have in the progress of time ended in peace, so may ever bitterness engendered by the late struggle for the championship pass away for ever. Upon my own part and that of my children, I humbly offer to you my most grateful thanks, and I trust to whatever period providence may extend my life, and that no act of mine, either in private or public will be unworthy of one, who has received the notice of the Times newspaper. I remain, sir, yours, truly,

Signed, TOM SAYERS,
Champion of England.

XXXVIth CONGRESS—FIRST SESSION.

Washington, May 19.

Saturday's Proceedings.

Senate.—Mr. Hale introduced a bill to provide for the reconstruction of the Senate Committees. Referred to a special committee.

Mr. Sebastian, from the Committee on Indian Affairs, reported a bill for an Indian agency in Washington Territory and also for an Indian agent.

Mr. Calhoun moved to amend, that all temporary agents be dismissed and no others appointed. Agreed to. The bill was then passed.

House.—The House proceeded to the consideration of private bills.

Washington, May 18.

The reciprocity treaty will probably be brought to the attention of the House next week. It is said that the President and Secretary of the Treasury together with a number of the members of Congress are opposed to it, while it is charged that Canada has violated the spirit of the treaty. No complaint is made of the other British colonies who are equally with Canada parties to the arrangement.

The spacious residence of Gen. Cass, to-night presented a truly brilliant scene, the occasion being an entertainment to the Japanese Embassy. Among the gay and fashionable throng were the army and navy officers in costume, members of Congress, foreign ministers and attaches, together with hundreds of ladies arrayed in rich and splendid costumes, displaying the choicest of floral beauties. A fine band of music added to the general delight of the distinguished visitors, who, about 12 in number, were more fashionable than those who preceded them, and therefore did not arrive until 10 o'clock. On their entrance into the parlors all eyes were naturally directed towards them. They were in comparison with the dresses which they wore on the day they were presented to the President, plainly attired. They carried with them, however, their swords and other distinctions of office, but wore no head-dresses. They were close observers of the scene, while their distinguished entertainer was assiduous in his attentions. As heretofore, they were accompanied by the naval commission, and Mr. Portman, the interpreter. Notwithstanding their accustomed gravity they appeared to be delighted with the brilliant scene, but as heretofore, abstained from familiarity with the ladies. To do them honor the festivities were prolonged to a late hour.

Chicago, May 18.

The nomination of Mr. Lincoln for the Presidency by the Republican National Convention has been received by the party in Illinois and the Northwest with an enthusiasm unparalleled since the days of 1840. The excitement which has centered at the wigwam for the last three days has scattered throughout the city. The wide awakes this evening are marching in procession, numbering over two thousand, with torch-lights, banners, and transparencies. All appear to have become boys again. Bonfires blaze on the street corners. Meetings are being held in front of the Tremont and Metropolitan Hotels. A large and enthusiastic meeting is also being held at the wigwam, with speeches by Hon. Joshua R. Giddings and other prominent men and delegates to the convention. The Press and Tribune establishment, whose publication of the debates between Douglas and Lincoln in the Senatorial contest in 1858 gave to the latter much of his national reputation, is splendidly illuminated in honor of the success of its favorite candidate. Other buildings in various parts of the city are brilliantly illuminated.

The announcement of Mr. Lincoln's nomination was made at Springfield at noon to-day. That city to-night is in a blaze of excitement. A large and enthusiastic meeting assembled at the State House to-night, and was addressed by several prominent citizens. The meeting adjourned at nine o'clock, and, escorted by the Young America Band, proceeded to the residence of Mr. Lincoln. His appearance was the signal for immense cheering. When it ended, Mr. Lincoln said that he did not suppose the honor of such a visit was intended particularly for himself as a private citizen, but rather to the representative of a great party. In reference to his position on the political questions of the day, he referred his many enthusiastic hearers to his previous public letters and speeches. The speech throughout, which was very brief, was loudly applauded.

New York, May 19.

Rumors are afloat of a fraudulent over issue of the stock of the Pacific Mail Steam-ship stocks to the amount it is said ranging from $300,000 to $100,000, and the developments have not only seriously depreciated the market value of the shares of the Steamship Co., but stocks have been seriously affected for the past few days. The secretary of the company, whose duty it was to prepare an account of the stock a week ago, has been missing since Tuesday last. An investigation is now being made and further revelations will probably transpire in a day or two.

Washington, May 19.

Before Mr. Seward left Washington, it was understood that he would not resume his seat in the Senate, for, if nominated, he intended resigning, and, if not, he proposed closing his political career. When his speech was delivered, he indicated it would be his last in the Senate. His friends still entertain the hope if this decision was really taken that it must be reconsidered.

Hutchins and James H. Goodwin, of the second station, and James M. Corillis, an ex-policeman. Rumors are current of several other policemen being implicated in store robberies. A rigid investigation is being made by the Mayor and other heads of the department.

Terrible Accident.—Our readers will excuse any want of variety of editorial matter, as the editor has been since 8 o'clock Tuesday night almost constantly at the bedside of his dreadfully afflicted wife, who was fearfully burned at that time. The circumstances were as follows: The wick of a vesper oil lamp had become charred and needed to be replaced by a new one. This required the oil already in the lamp to be emptied out, which Mrs. Odell did, pouring it into a basin. This she placed at a distance of several feet from the candle, when it took fire. This being in a small room used for keeping trunks and clothes, led Mrs. O. to at once attempt the removal of the burning pan to a place where it would not endanger the clothing and building. In doing this her dress came in contact with the fire. Of course she was immediately enveloped in flames. The safety, however, of her babe—in the hands of a nurse in the room—drew her attention for a few moments from herself. When the child had been got out of the room safely she tried by smothering the flames to put them out. Failing in this, she deliberately unhooked her clothes and succeeded in freeing herself from her apparel, but not until she was most horribly burned upon both of her lower limbs.

Everything that medical aid and the constant attention of the ladies of Richmond, who have seemingly vied with each other in their kind offices, could do has been done to alleviate the sufferings of the afflicted lady. Mr. Odell has no language sufficient to express his deep gratitude in behalf of himself and wife for the attention and sympathy bestowed. At the time of our paper's going to press the symptoms are favorable for an ultimate recovery.—*Richmond (Ky.) Messenger.*

A Boy Burnt to Death by his Father.—A farmer living in Liberty township, this county, accidentally burnt his son to death about two weeks since in the following manner: The farmer was engaged in plowing. His son, a small lad about seven years old, took his father out some water during the afternoon, and instead of returning home, as his father supposed, he lay down upon a straw stack and fell asleep. The father, just before leaving the field for the night, wishing to get the straw out of the way, set it on fire. Upon returning home and not finding his son there he thought of the stack he had fired and went back just in time to find his son almost burned to a crisp.

Knoxville (Iowa) Journal, May 10.

Embezzlement.—The friends of Mr. Raphael L. Smith were somewhat astounded Wednesday, at the issuing of a capias, and his arrest upon the above charge. The warrant for his arrest was predicated upon an indictment found by the Grand Jury, now in session, upon information brought before them. The details of this information have not yet been made public. It asserts, however, that Mr. Smith, for a series of years acting in the capacity of book-keeper and clerk for Kenneth Mackenzie, Esq., has embezzled sums of money to the amount of $27,000. This is the general count in the indictment, but as the matter has been undergoing the surveillance of an accomplished accountant, the supposition is that it will amount to a much larger sum. These transactions, as before stated, have been going on for a number of years, and have been concealed, probably not so much by the mysteries of book-keeping, as an honest confidence in the integrity of a man who was regarded by his employer as above suspicion.

The accused desires a suspension of opinion, with the assertion that he can exonorate himself from guilt.—*St. Louis Republican.*

Singular Suicide.—Last evening Michael Albergress, a German butcher living at No. 327 West 36th street, committed suicide by shooting himself in the side with a pistol. Deceased had had been on a drunken spree for some time past, but last evening he appeared to have become sober, and was quite cheerful and even jovial. Suddenly he left his seat at the table, and rushing into an adjoining room, seized a single barreled pistol, and placing the muzzle to his side, discharged the weapon before his friends were aware of his intent. He expired almost instantly. Deceased was about 39 years of age, and leaves a wife and large family.—*N. Y. Adv.*

Blue Lick Springs.

THIS WELL-KNOWN AND CELEBRATED WATERING-PLACE, a few hours' travel by railroad and stage-coach from Louisville, Cincinnati, Lexington, Paris, and Maysville, having been purchased by a company of gentlemen, is now undergoing thorough repairs, and is being refitted and refurnished throughout, and will be open for the reception of visitors on the first day of June next.

In the management and control of the Establishment the subscriber will be assisted by several gentlemen long and favorably known in the business, and by a full corps of efficient and attentive servants, and, as it is the purpose of the company to make the Blue Lick Springs a permanent first-class place of summer resort for invalids and others seeking recreation for pleasure, no pains nor expense will be spared to make it come up in all its appointments and attractions to the highest mark of excellence.

Of the healthful location of this delightful watering-place, its beautiful drives, the healing and invigorating medicinal qualities of its mineral waters, and the beauty of its romantic and varied scenery it is deemed unnecessary to speak. Its reputation in those respects is world-wide and unapproached by any other watering-place in the Union.

Connected with the Hotel is a Livery Stable, where horses, buggies, hacks, and omnibuses of the best quality can always be obtained.

DAILY REVIEW OF THE MARKET,
Louisville, May 21.

Money is entirely unchanged. Both banks and bankers meet the demands of their customers liberally on short paper. Currency is scarce and the notes of Kentucky banks are returned for redemption almost as soon as issued.

Exchange on the East is quoted at ⅛ premium and scarce. For New Orleans exchange there is little demand and the rate is variable.

Flour is dull with small transactions at former rates, and the wheat market is entirely unchanged, the only demand outside of the mills being for Georgia and the South. Sales of 500 bushels prime shelled corn at 55c, sacks returned. Oats and other grains unchanged, with only a small business.

Potatoes are in good demand; sales 300 bushels at $2@2 50.

The stock of butter is heavy and prices very low, ranging from 10@15c.

Provisions.—There has been quite an active demand for bacon in large lots, on speculation, which was not met by holders. Stocks in the hands of dealers are hardly more than will supply regular trade until the new crop. Sales 40 bbls mess pork at $18, 20 bbls at $17 75, 1,200 bbls on the 18th at $17 75 for Lexington packed, 25 tierces sugar-cured hams at 11c (under the market), 20 casks shoulders at 7½c, 60 casks assorted bacon at former rates, and 1,200 kegs lard at 11½c.

Groceries are in good demand, with some disposition on the part of city wholesalers whose stocks are running low to replenish stocks of sugar from their better supplied neighbors. Sales of 27 hhds sugar at 8⅛, to 8¾c, 20 bbls refined sugar at 10½ to 11c, 32 bbls molasses 32c, 25 bbls do choice at 44c, and 70 bags coffee at 14 to 14½c.

Tobacco.—The sales of tobacco at the warehouses were 75 hhds, as follows: 8 at $2 25@2 95, 17 at $3@3 90, 10 at $4@4 95, 11 at $5@5 95, 17 at $6@6 75, 5 at $7@7 55, 1 at $8@8 70, 1 at $10, 1 at $11, and 1 at $14.

New York, May 19, P. M.

Cotton steady with fair demand; sales 2,000 bales at 11⅝c for middling uplands, including 800 bales in transitu. Flour without much chance and limited demand. Whisky dull and drooping; sales 150 bbls at 22c. Wheat heavy and in favor of buyers; fair white Western $1 50. Rye 87c. Barley nominal. Corn heavy and decidedly lower for unsound; good is scarce and steady. Pork steady for mess and fair demand for prime; new mess $18, new prime $13 75. Cut meats drooping. Lard firm with fair demand at 11¼@11⅝c. Coffee unchanged; Rio 13@14c. Sugar in fair demand at full prices. Molasses steady; Cuba Muscovado 25@26c, Rio 27@28c.

Money plenty and dull; 5@5½ ℞ cent on call, 7@7½ per cent for short first class paper. Exchange closes quiet at 109¼@109¾.

Cincinnati, May 19, P. M.

Flour dull at $5 50@5 55 for super; $5 70@6 for common to choice extra. Wheat dull. Corn unchanged; 48@49c for ear. Whisky steady at 18c. Bacon sides in good demand; 250 hhds sold at 9⅞c. Shoulders in moderate request at 7⅞c. Sales of 200 bbls mess pork, country, at $17 25. Sugar firm at 7½@8⅞c. Lard 10⅞@11c. Molasses dull at 41@45c. Coffee dull at 14@14½c.

New Orleans, May 19, P. M.

Sales of cotton to-day 5,500 bales, mostly of low grades. Sugar fair to fully fair at 6⅜@7⅝c. Flour $5 90@6. Whisky 19c. Freights unaltered.

Notice to Steamboat Captains.

THE CURLEW COAL MINES having been stopped a few days for repairs, lengthening screen, putting in wire rope, &c., are again in operation, and prepared to furnish a much better article of coal than heretofore.

With a constant supply, full measure, clean coal, attentive salesmen, and confining our business entirely to furnishing steamboats, we hope to merit a fair patronage of steamboat custom.

The horse is a sorrel, both hind feet white, with a blaze face, and all round, an-kle-cut with brass, and finely formed. A black top buggy and yellow lines painted on both sides of the body. ULLMAN'S

Weather Indicator.

THIS is the only perfect Weather-guage now known to the world, and is peculiarly useful to the Farmer, Planter, Travelers, and in fact for all that require to know the true state of the weather 24 hours in advance.

Professor Bowling, of the Nashville University, says: "With one of these little instruments the Farmer would have little difficulty in anticipating storm, rain, or sunshine."

In a letter from Professor DeBow to Louis S. Ullman, Esq., dated December 27, 1857, he says:

"I have mounted one instrument in my office, and found it very accurate."

J. W. Brayfer, M. D., LL. D., writes:

Louis S. Ullman, Esq. Dear Sir: "I have had the Hygrometer you sent me hung up in my Laboratory since it arrived, and found it to move in the manner you represent."

J. M. Riddell, M. D., Professor of Chemistry in the University of Louisiana, concerning this plant, says:

New Orleans, March 21, 1858.

L. S. Ullman, Esq. Dear Sir: "I received them on the 13th Dec. 1857; they are wonderfully delicate, and I believe reliable."

Col. Hardin, an extensive Farmer near Nashville, says that Ullman's Weather Indicator has not deceived him once during the whole winter, and would not give one of them for any two $50 Barometers in use.

Hundreds of similar certificates could be produced if it were deemed necessary.

PERSONAL RECREATIONS OF THE CITY FATHERS OF NEW YORK. On last Monday morning, as Alderman Bussell was standing in the vestibule of the City Hall, ex Alderman, or, as he is better known, "Billy" Wilson, stepped up rapidly and gave his nose a vigorous pull, starting the blood freely. Wilson then grasped the Alderman by the arm and pushed him along to the front steps, where they both stopped and began to talk the matter over, and subsequently went off across the Park, it is presumed, to terminate the affair in a convivial way. The whole difficulty lasted but a moment or two, and attracted but little attention. As near as could be ascertained, regarding the cause of the trouble, it seems that Alderman Russell had threatened to pull Wilson's nose, and the latter anticipated him in that sort of exercise.

ANOTHER EXODUS.—The Irish subjects of Queen Victoria manifest a disposition to repeat this year the exodus which so greatly alarmed the statesmen of Great Britain a few years ago. All the accounts from the old country indicate a "flitting propensity" which begins to border on a panic. The peasantry from the western and southern counties are quitting their homes in such numbers that serious alarm is already entertained by farmers as to the fate of the coming harvest. The vast majority of these emigrants embark for the United States, where their already settled friends have found means to forward money in order to enable them to come.

THE CHICAGO CONVENTION—THE PLATFORM.

Resolved, That we, the delegated representatives of the Republican electors of the United States, in Convention assembled, in discharge of the duty we owe to our constituents and our country, unite in the following declarations:

1. That the history of the nation during the last four years has fully established the propriety and necessity of the organization and perpetuation of the Republican party, and that the causes which called it into existence are permanent in their nature, and now, more than ever before, demand its peaceful and constitutional triumph.

2. That the maintenance of the principles promulgated in the Declaration of Independence and embodied in the Federal Constitution; that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness; that to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed, is essential to the preservation of our republican institutions; and that the Federal Constitution, the rights of the States, and the union of the States must and shall be preserved.

3. That to the union of the States this nation owes its unprecedented increase in population, its surprising development of material resources, its rapid augmentation of wealth, its happiness at home and its honor abroad; and we hold in abhorrence all schemes for disunion, come from whatever source they may; and we congratulate the country that no Republican member of Congress has uttered or countenanced the threats of disunion so often made by Democratic members without rebuke and with applause from their political associates; and we denounce those threats of disunion in case of a popular overthrow of their ascendancy as denying the vital principles of a free government, and as an avowal of contemplated treason, which it is the imperative duty of an indignant people sternly to rebuke and forever silence.

4. That the maintenance inviolate of the rights of the States, and especially the right of each State to order and control its own domestic institutions according to its own judgment exclusively, is essential to that balance of powers on which the perfection and endurance of our political fabric depends; and we denounce the lawless invasion by armed force of the soil of any State or Territory, no matter under what pretext, as among the gravest of crimes.

5. That the present Democratic Administration has far exceeded our worst apprehensions, in its measureless subserviency to the exactions of a sectional interest, as especially evinced in its desperate exertions to force the infamous Lecompton Constitution upon the protesting people of Kansas; in construing the personal relation between master and servant to involve an unqualified property in persons; in its attempted enforcement, everywhere, on land and sea, through the intervention of Congress and of the Federal Courts of the extreme pretentions of a purely local interest; and in its general and unvarying abuse of the power entrusted to it by a confiding people.

6. That the people justly view with alarm the reckless extravagance which pervades every department of the Federal Government; that a return to rigid economy and accountability is indispensable to arrest the systematic plunder of the public treasury by favored partisans; while the recent startling developments of frauds and corruptions at the Federal metropolis, show that an entire change of administration is imperatively demanded.

7. That the new dogma that the Constitution, of its own force, carries slavery into any or all of the Territories of the United States, is a dangerous political heresy, at variance with the explicit provisions of that instrument itself, with contemporaneous exposition, and with legislative and judicial precedent; is revolutionary in its tendency, and subversive of the peace and harmony of the country.

8. That the normal condition of all the Territory of the United States is that of freedom: That as our Republican fathers, when they had abolished slavery in all our national territory, ordained that "no person should be deprived of life, liberty, or property without due process of law," it becomes our duty, by legislation, whenever such legislation is necessary, to maintain this provision of the Constitution against all attempts to violate it; and we deny the authority of Congress or a territorial legislature, or of any individuals, to give legal existence to slavery in any territory of the United States.

9. That we brand the recent re-opening of the African slave trade, under the cover of our national flag, aided by perversions of judicial power, as a crime against humanity and a burning shame to our country and age; and we call upon Congress to take prompt and efficient measures for the total and final suppression of that execrable traffic.

10. That in the recent vetoes, by their Federal Governors, of the acts of the Legislatures of Kansas and Nebraska, prohibiting Slavery in those Territories, we find a practical illustration of the boasted Democratic principle of Non-Intervention and Popular Sovereignty embodied in the Kansas-Nebraska bill, and a demonstration of the deception and fraud involved therein.

11. That Kansas should, of right, be immediately admitted as a State under the Constitution recently formed and adopted by her people, and accepted by the House of Representatives.

12. That, while providing revenue for the support of the general government by duties upon imports, sound policy requires such an adjustment of these imposts as to encourage the development of the industrial interests of the whole country; and we commend that policy of national exchanges, which secures to the working men liberal wages, to agriculture remunerating prices, to mechanics and manufacturers an adequate reward for their skill, labor, and enterprise, and to the nation commercial prosperity and independence.

13. That we protest against any sale or alienation to others of the Public Lands held by actual settlers, and against any view of the Free Homestead policy which regards the settlers as paupers or suppliants for public bounty; and we demand the passage by Congress of the complete and satisfactory Homestead measure which has already passed the House.

14. That the Republican party is opposed to any change in our Naturalization Laws or any State legislation by which the rights of citizenship hitherto accorded to immigrants from foreign lands shall be abridged or impaired; and in favor of giving a full and efficient protection to the rights of all classes of citizens, whether native or naturalized, both at home and abroad.

15. That appropriations by Congress for river and harbor improvements of a national character, required for the accommodation and security of an existing commerce, are authorized by the Constitution, and justified by the obligation of government to protect the lives and property of its citizens.

16. That a railroad to the Pacific ocean is imperatively demanded by the interests of the whole country; that the Federal Government ought to render immediate and efficient aid in its construction; and that, as preliminary thereto, a daily overland mail should be promptly established.

17. Finally, having thus set forth our distinctive principles and views, we invite the co-operation of all citizens, however differing on other questions, who substantially agree with us in their affirmances and support.

Upon the motion to adopt this report, Mr. Carter, of Ohio, moved the previous question.

This motion caused great excitement, and loud calls were made to withdraw the motion; but Mr. C. insisted on his motion. Mr. Giddings was particularly earnest in his appeal to his colleague to withdraw it, but with no effect.

The vote was then taken as to whether the convention would sustain the call of the previous question, with the following result:

	Ayes.	Noes.
Maine	1	11
Vermont	0	10
New Hampshire	0	10
Massachusetts	4	21
Connecticut	1	11
Rhode Island	0	8
New York	25	45
New Jersey	12½	1½
Delaware	4	2
Maryland	0	11
Virginia	17	6
Pennsylvania	½	53½
Ohio	21	18
Kentucky	10	10
Indiana	20	6
Illinois	14	8
Michigan	8	4
Wisconsin	8	2
Missouri	0	18
Iowa	2	6
Texas	0	6
California	0	8
Oregon	2	2
Kansas	0	6
Nebraska	2	4
Minnesota	0	8
District of Columbia	0	2
	155	300

So the Convention refused to sustain the previous question.

Mr. Giddings then moved the adoption of the following as a substitute for the first section of the platform:

That we solemnly re-affirm these self-evident truths: that man is endowed with certain inalienable rights; among these are life, liberty, and the pursuit of happiness; and that governments were formed for the protection of these rights.

Mr. Giddings then made an earnest speech in favor of his substitute, but upon a vote, the Convention rejected it by a decided majority.

Mr. Wilmot made some inquiry as to the questions involved in the 11th section of the platform in relation to naturalized citizens, the only effect of which was to give an opportunity for two very pretty and eloquent speeches from Messrs. Shurz, of Wisconsin, and Hassaureck, of Cincinnati, both leaders among the German Republicans.

G. W. Curtis, of New York, then moved to insert the words of the Declaration of Independence, formerly proposed by Mr. Giddings in the 2d section of the Platform and maintained his position in a very earnest and very fine speech that told with great effect upon the auditors. The motion was carried by a large majority.

The Platform was then adopted amid a perfect furor of applause.

☞ There are symptoms of a whiskey insurrection in Minnesota. The liquor dealers burned down a [illegible] in St. Anthony, and the members [illegible] warned them to leave the town. This they declined to do and both parties were heavily arming at last accounts.

☞ A new anti-crinoline rebellion has broken out at Paris, and is having an extraordinary success. The Empress resists the innovation, but has been compelled to yield to a point or two, and allow crinoline to be laid aside for dinner and in-door dress, but for public walking it is still insisted upon.

☞ We clip the following from the first days proceedings of the Chicago Convention:

Mr. Dembitz, of Kentucky, announced that the Committee on Rules and Order of Business had matured a partial report, defining the manner in which votes should be taken in the Convention. He moved that the report be now called up.

The President announced that the question on the appointment of a Committee on Resolutions and Platform was pending.

Mr. Dembitz moved that the question on the appointment of a Committee on Platform and Resolutions be postponed until the report of the Committee on Rules and Order of Business had been received.

GREAT TROTTING MATCH.—*Ethan Allen and Geo. M. Patchen on the Union Course—Patchen the Victor.*—The match between Ethan Allen and Geo. M. Patchen, for $2,000, best three in five, in harness, for which sporting men and admirers of fast horses have been so anxiously waiting, transpired yesterday, at the Union Course. Early in the day, wagons, carriages, and vehicles of all kinds began to pass over the ferry. The special trains were crowded with passengers, and good judges estimated the number inside the inclosure at the time named for the horses to make their appearance at not less than 8,000. The Temperature was sufficiently cool to allow the horses to be urged to their greatest speed without distressing them, and the track was in excellent condition.

On Tuesday evening the betting ranged at $100 to $75 on Ethan Allen against Patchen, and just before the start, $100 to $50 on Ethan: after the first heat Patchen had the call by $100 to $50. The horses were both in splendid condition.

The Race.—In the first heat, Ethan Allen had the track, and at the word both got over the score with a good start, Ethan having a slight lead, which he kept to the half-mile post, where a slight brush took place, Ethan being half a length in advance. At the three-quarter pole Patchen pushed Ethan so hard that the latter broke. He was immediately brought down again, however, Patchen leading home a neck in advance, in 2 minutes 25 seconds. He was greeted with loud cheers. The betting here turned in Patchen's favor, $100 to $50 being offered on him.

In the second heat, Patchen having the pole, came up to the score, and after two false starts got the word. He led from the start, drawing clear by a length. Ethan Allen pressed closely after, but just as he passed the half-mile pole broke. He was quickly caught by his driver, but not until Patchen had gained the lead by two lengths, which continued to the first distance stand. Here Ethan again broke badly, and Patchen came in an easy winner by three lengths, in 2 minutes 21 seconds. Patchen's friends greeted him with vociferous cheers, and the betting went begging at $100 to $10 and down to $100 to $5 on Patchen. One bet of $50 to $4 was taken.

In the third heat both horses got off even after three attempts. Patchen gained in going round the first turn, and was a length ahead at the quarter pole, and continued so on the back stretch. At the half mile pole Patchen increased his speed, and Ethan again broke. Patchen gained three lengths in passing round the turn, and came past the Judges' stand under an easy pull, six lengths in advance, making the heat and winning the race in two minutes 29 seconds.

Both horses are announced to trot again in one week, to wagons.

AN OFFICIAL INTERREGNUM — *An Anomalous State of Affairs.*—The action of the board of aldermen on Monday night, in removing A. V. Stout, Esq., as city chamberlain, and confirming the nomination of Nathan C. Platt, Esq., president of the Artisans' Bank, in his stead, places the financial affairs of the city in a very singular position. The bonds of the newly-appointed chamberlain must be approved by the comptroller. That official is at present absent from the city, engaged, in company with many hundred others, in president-making, and of course no official action can be had until his return.

Meanwhile the city moneys will be deposited in the Shoe and Leather Bank as heretofore; but when the main question comes up for adjudication, the aid of the law will, of course, be invoked. Mr. Stout will undoubtedly claim his office by virtue of Legislative enactment, and also by virtue of appointment and confirmation under that law; while Mr. Platt will demand the office by virtue of appointment and confirmation—his predecessor having been removed *for cause*. In the meantime, warrants drawn for contractors and all officials are likely to remain unrecognized, as the Mayor will probably refuse to sign a warrant drawn on Mr. Stout, when he does not recognize him as Chamberlain, or his bank as the custodian of the city funds.

Mr. Platt appeared yesterday before the Deputy Comptroller, Mr. Warren, with his bondsmen, but that official declined to assume the responsibility (without the advice of counsel) of approving the bonds, but defers action until the return of the Comptroller. A second application, made later in the day, met with a similar reception, and thus the matter stands at present, affording to taxpayers the promise of an expensive litigation, and to office-holders the *certainty* of *uncertainty* in regard to their future now.—*N. Y. Times, Wednesday.*

The Funeral of Macdonald.—At noon yesterday the Episcopal funeral service was read by Rev. Mr. Wiley, of Christ's Church, Fifth avenue, over the remains of Robert C. Macdonald, the murderer of Virginia Stewart, who committed suicide last Monday. The services were conducted in the apartments of Mr. John H. Whitmore, the clerk of the city prison, who resides in the building. Several members of the Board of Supervisors, as well as James T. Brady, Esq., Judge Grandin, of New Jersey, the counsel of deceased, and a few others who had manifested an interest in him, were in attendance. The features of the corpse were perfectly natural, and more like those of a sleeping man than those of one who had died a violent death. After the service, Judge Grandin took charge of the remains, and they are now on the way to Kentucky.—*N. Y. Times.*

Death from Eating Eggs.—We have just learned of a death from this cause, which furnishes one of the most extraordinary instances of reckless gluttony we ever heard of. A man named Brant, of Shanksville, of Somerset co., ate 21 boiled eggs at one meal. His digestive organs were unable to do the work assigned them, and the man died a victim to his gluttony. This rather exceeds the case of the German, reported a few weeks since, who attempted to swallow an ounce of meat without chewing it, and choked in the effort. Were the old law in force, such men ought to be convicted of suicide and buried in the highway, etc., according to the punishment provided for that offence.—*Pittsburg Gazette.*

CATTLE DISEASE IN ENGLAND.—The London correspondent of the New York Commercial writes:

The American provision trade is likely to be benefitted not only by a great dearth of fodder which now prevails in this country, owing to the backwardness of the season, but also by a serious disease which has manifested itself among the cattle, especially in the midland counties. It attacks the lungs and they die in a few hours.

A BANK CLOSED.—The Piedmont (Va.) Independent mentions a rumor that the Clinton Bank, in Westernport, Allegany county, Md., has closed and that the officers have left. The person arrested in Washington a few days ago, with $2,000 of its notes in his possession, was a New Yorker.

HEALTH RESTORED!

DR. MOTT'S
Chalybeate Pills.

An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen, of high medical authority and extraordinary efficacy in each of the following complaints, viz.:

DEBILITY, NERVOUS AFFECTIONS, EMACIATION, DYSPEPSIA, DIARRHŒA, CONSTIPATION, SCROFULA, SALT RHEUM, SCURVY, JAUNDICE, LIVER COMPLAINTS, RHEUMATISM, MERCURIAL CONSEQUENCES, INTERMITTENT FEVERS, NEURALGIA, CHRONIC HEADACHES, FEMALE WEAKNESS, MISMENSTRUATION, WHITES, CHLOROSIS, etc., PIMPLES ON THE FACE, ROUGHNESS OF THE SKIN, etc.

The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonderful influence.

The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. In all cases of female debility (fluor albus, chlorosis, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. As a grand stomachic and general restorative it has no superior and no substitute.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; six boxes, $2 50; one dozen boxes, $4 00. For sale by Druggists generally. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to
